

**Price increases**

You are given advanced notice of any price increases. Awaken to Eco reserves the right to raise prices at any time.

**Special requests**

Awaken to Eco asks that you call the office 48 hours in advance of your scheduled service for any special requests. Any additional service requests must be submitted to our office and not to our on-site cleaning staff. Any services requiring extra labor, supplies and/or equipment will be billed additionally. Any services not normally included in the cleaning package that you selected will be an added charge unless it is noted in your service agreement.
