Hi Asheville-area comedians!

Buzz Radio Asheville started January 1, 2021. We are an “All Asheville, All Styles, All The Time” online radio station.

After successfully adding so many locally connected musical artists, we are now in the process of adding Asheville-connected comedians to the station rotation.

Guidelines:

- Must have an Asheville connection
- Audio bit(s) must be under two minutes
- Buzz Radio Asheville is a “free art” zone, meaning explicit content is allowed, apart of blatant racism, sexism or calls for violence. That said, we do ask that you acknowledge if your content is explicit in nature.
- Please send a square .jpg of yourself to be used for each submission.
- Please send two URL’s, of your choice – We embed these url's right into the tracks so that people can connect while listening to the station directly, – We recommend one for social media and one to hire you or sell merch.
- We recommend submitting up to five different bits, to start with.
- Mp3 preferred format. Live audience performances preferred. Audio quality must be broadcast quality. (Please email for more audio info if needed.)

Please install our station onto your device, follow and like our social media pages and help spread the word. Asheville has an “Official Music and Comedy Scene Station!”

[Submitting content does not guarantee addition to the station rotation.]
