

# Public Health in Public Places

Free health information,  
screenings and education  
in your community.

Public Health staff including nurses and community health workers will be on-site to:

- ▶ Help with your health questions and concerns.
- ▶ Make referrals or appointments with community partners.
- ▶ Provide basic tests to identify health needs.
- ▶ Provide personalized support for health goals and challenges.

[ramseycounty.us/PHiPP](https://ramseycounty.us/PHiPP)

# Working together toward community health.

Visit us today at a participating location (no appointments needed) and take the first step to better health.

## Locations

- ▶ Maplewood Library
- ▶ Frogtown Community Center
- ▶ Rice Street Library

Scan for more  
information,  
dates and times.
