

Community Engagement and Fundraiser Meeting

Bad Weather Brewing, September 19, 2024 6:30 pm

Present at meeting: Hayden Kilkenny, Korrine Gerhart, Tanya Beck

It has been decided to push the fundraiser back to possibly the spring as we are still trying to navigate this new committee and see who will have what roles and also recruit more people from the community to help out.

Korrine had originally had the idea to combine the Little Bohemia Neighborhood Association with the community engagement committee. There have been lots of questions from members of that neighborhood. The idea of joining a chili party put on by one of the Little Bohemia members on Oct 12 was brought up as a good way to meet and greet/network and get others on board with this idea.

We plan to form a formal committee with the members of LBN and other community members.

At the next meeting, we will make a timeline of meetings to take place throughout the next year.
