# Project Area

## Project Website:

[stpaul.gov/PleasantAvenue](http://stpaul.gov/PleasantAvenue)

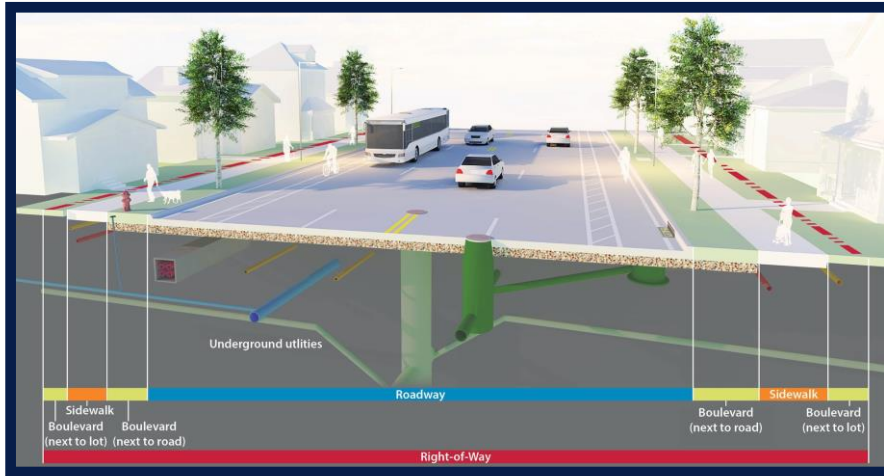

## Project Goals:

-  Connect bicycle and pedestrian network
-  Improve drainage to keep water and ice from pooling on the road
-  Add streetlights and design for safer speeds
-  Replace aging pavement

# Reconstruction

Replacement of everything within the right of way (shown by the red lines) including underground

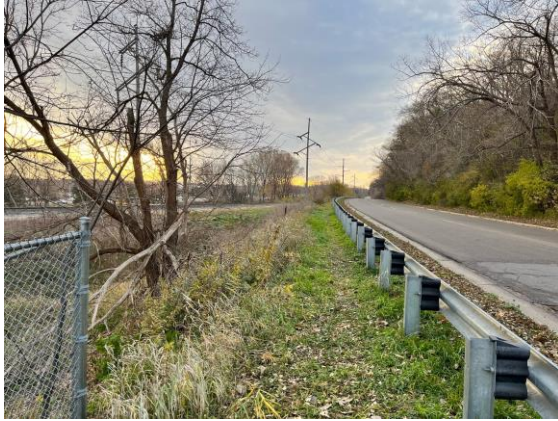

Existing conditions on the south side of pleasant Avenue looking east during an event at Pleasant Ice Arena

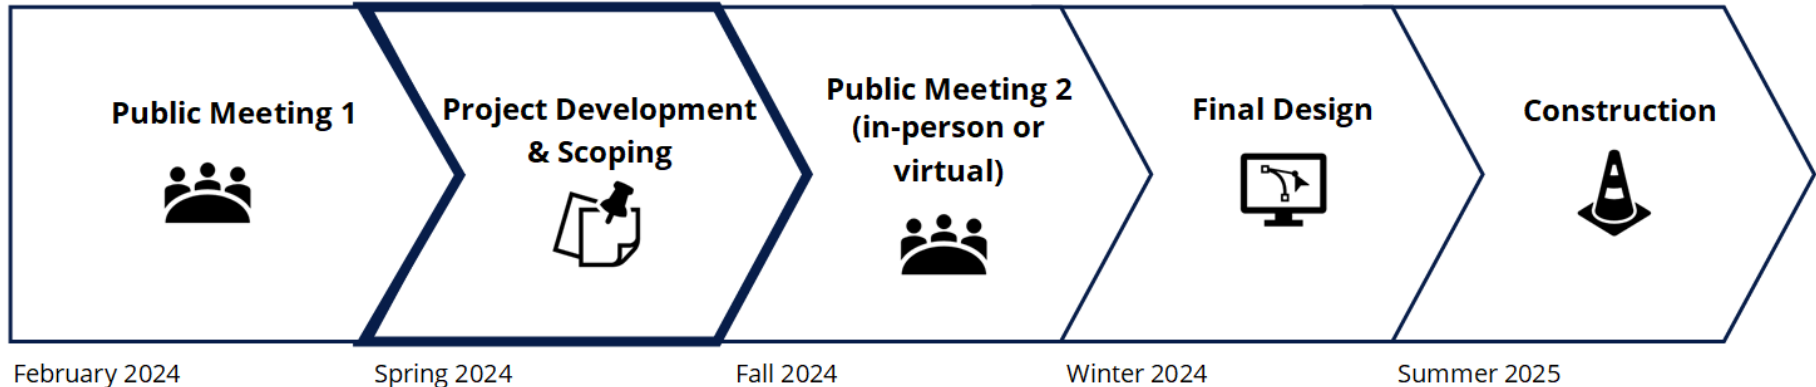

# Timeline

Narrow part of Roadway with guardrail

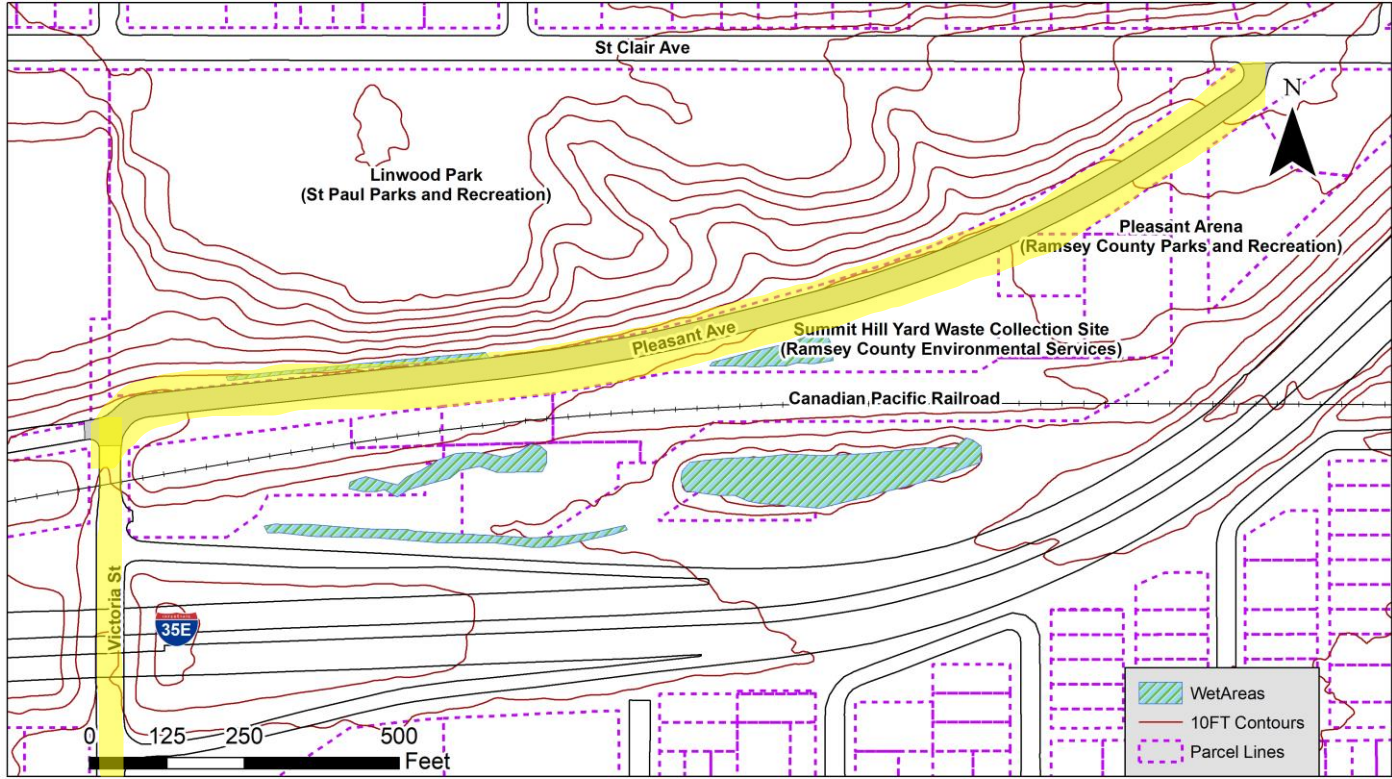

Springs/seeps along Linwood Park requires frequent maintenance in winter with ice build up

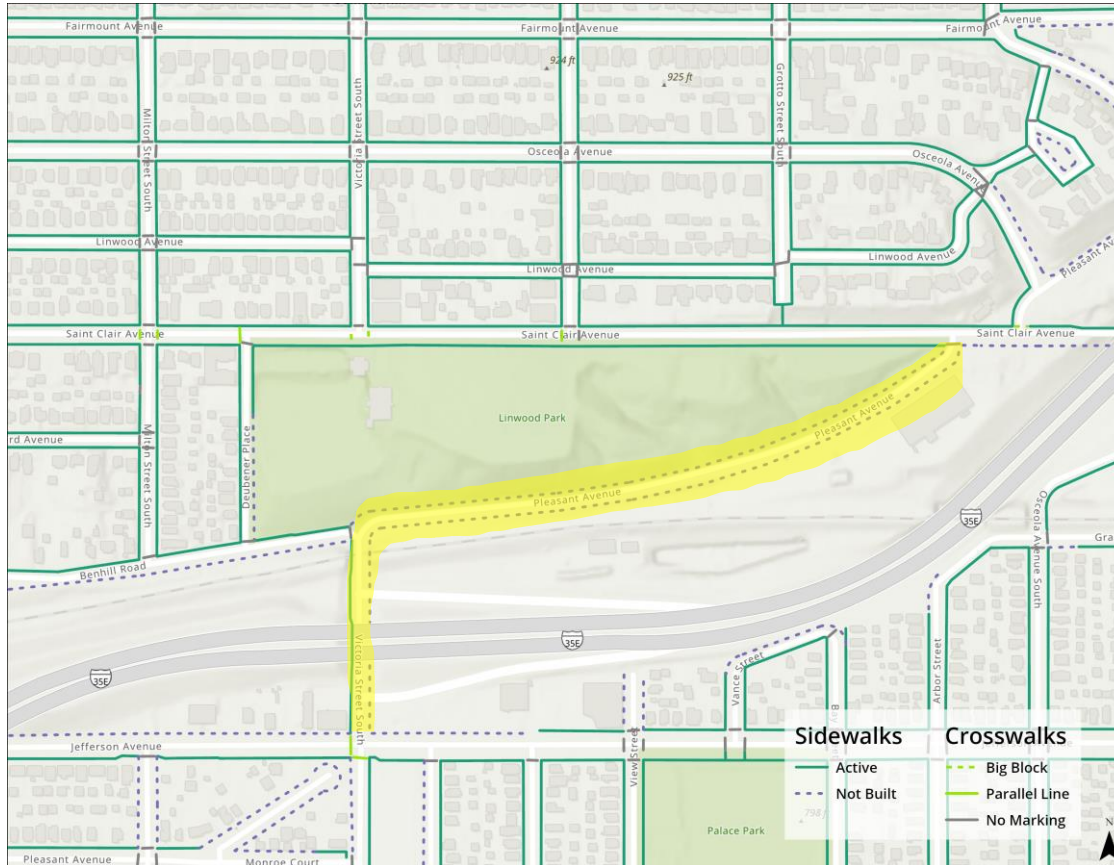

# Existing Conditions, Wet areas

# Existing Conditions, Sidewalk

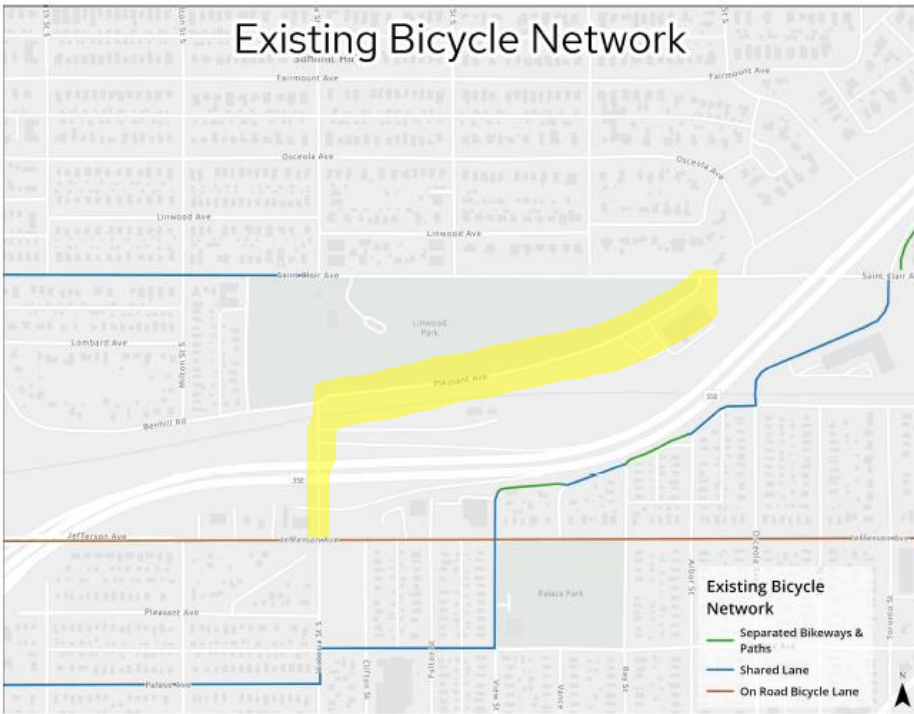

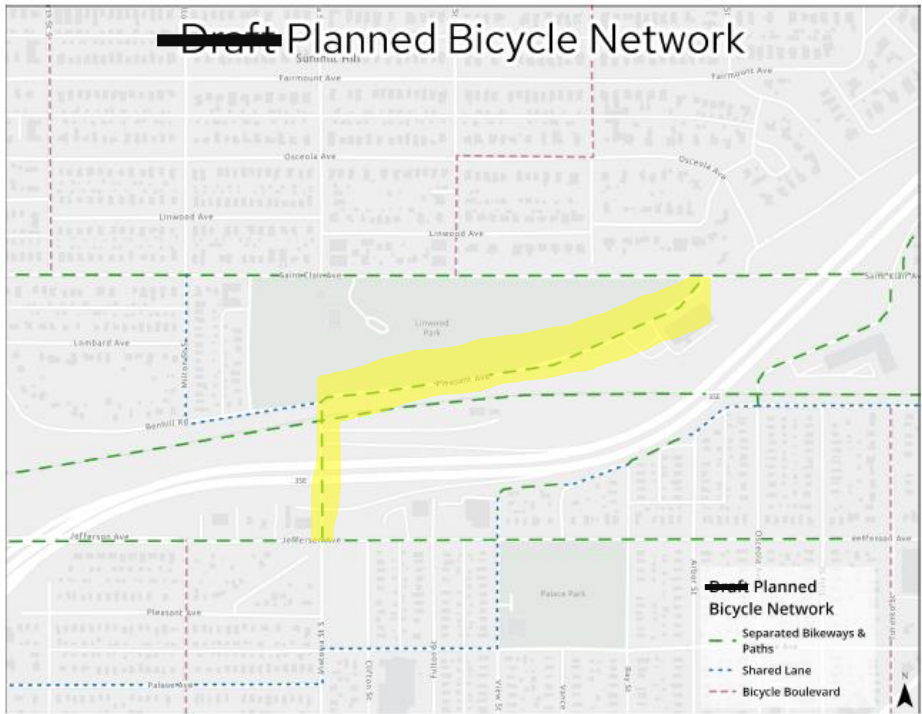

# Existing Conditions, Bike facilities

## Existing Bicycle Network

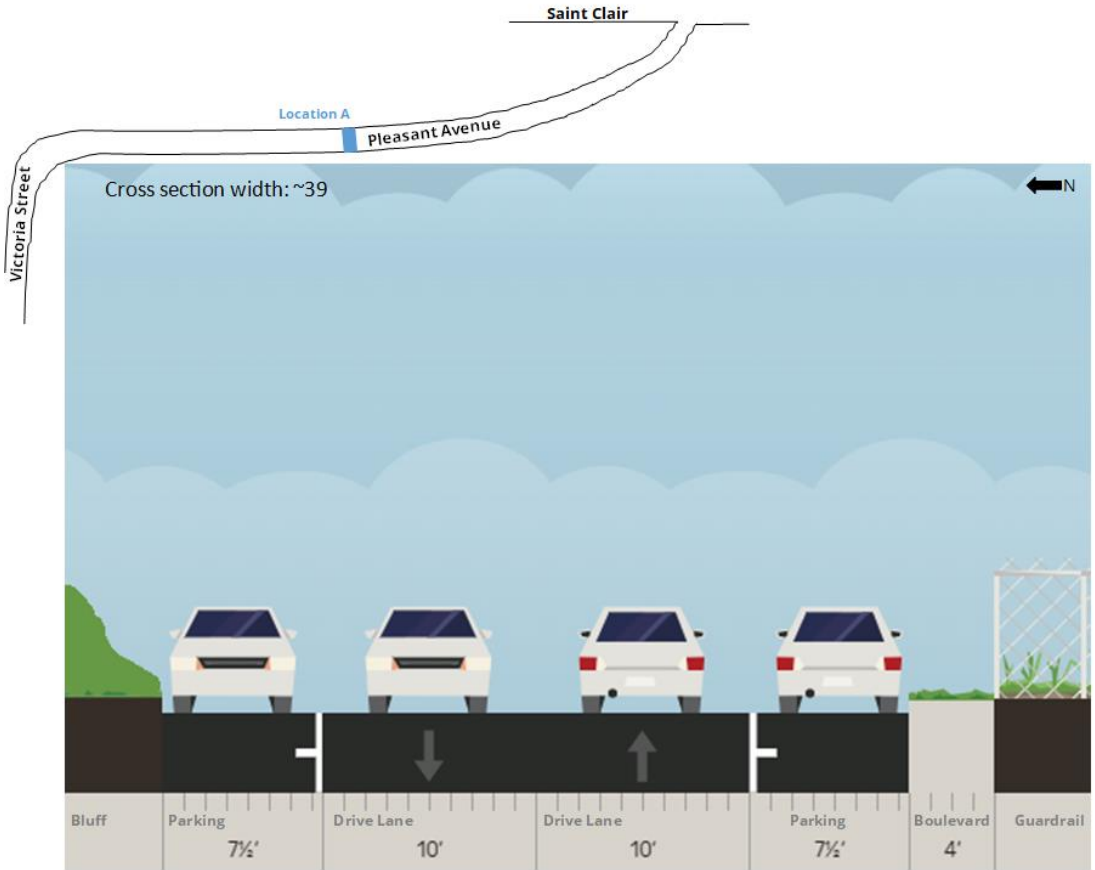

## ~~Draft~~ Planned Bicycle Network

# Existing Cross Section

Location A: Looking East

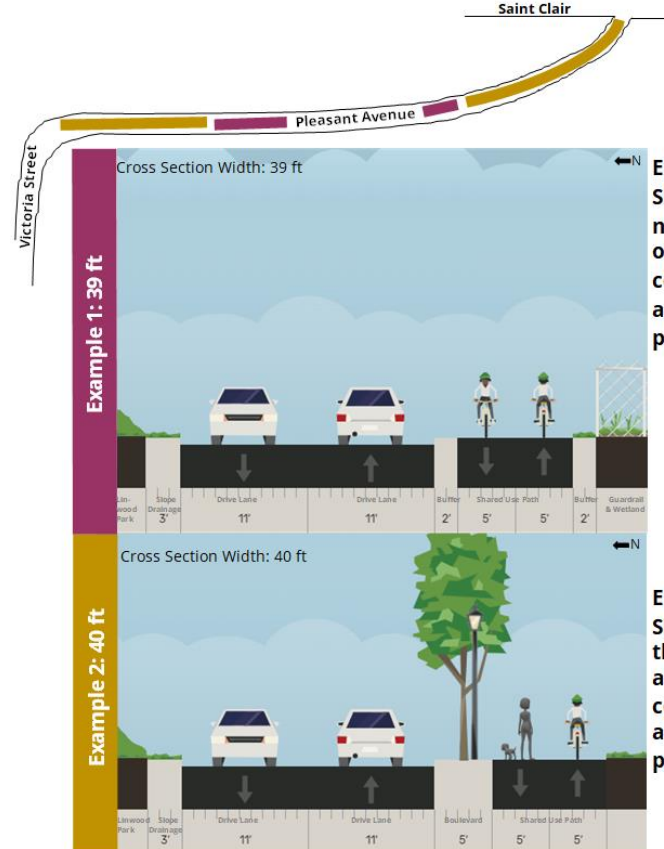

# What have we heard?

**42** comments

Summit Hill Association Meeting, January 11th  
Open House, February 5<sup>th</sup>  
Online feedback form & Email (*still open!*)  
Stakeholder conversations: Parks, Ramsey County,  
Railroad

1. Support for a shared use path
2. Narrower/safe speeds on Pleasant Avenue
3. Improvements outside of project area (Linwood Park, Saint Clair, and Victoria Street)

**Example 1:**  
Shows the narrowest width of the corridor and achieves our project goals.

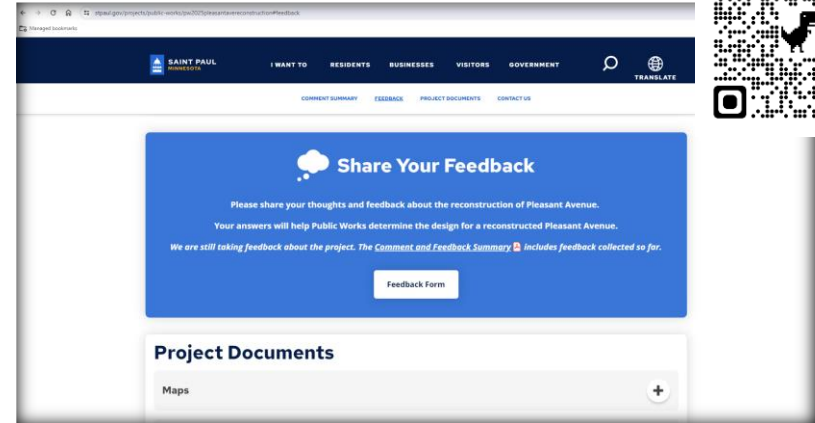

**Example 2:**  
Shows the areas of the corridor that are not as constrained and achieves our project goals.

## Where are we now?

- Expanded the project down Victoria Street to Jefferson Avenue
- Looking into drainage mitigation
- Observing parking usage during events
- Looking to have a more formulated design for Fall Open House

We are still collecting feedback!
