IDENTITY & PORTFOLIO

— Designs Inspired *Creative Agency*

We are a leading 3D digital design and modeling company, operating globally from our base in Finland with clients in Europe, the UK, and the Middle East.

Although Events Specialists, we provide a bespoke and personal service working across the whole creative industry, whilst tailoring our 'All-In-One' solutions to each individual clients needs.

— WHAT WE DO

We provide the best means for winning your project and client, using the latest design software and creative solutions - 3D modelling, CGI renderings, graphic design, animation, explainer videos and voiceover recordings for your presentation.

Your business success and reputation is our priority.

Working on a private non-share or non-disclosure NDA basis enables us to be in the background whilst you receive the praise.

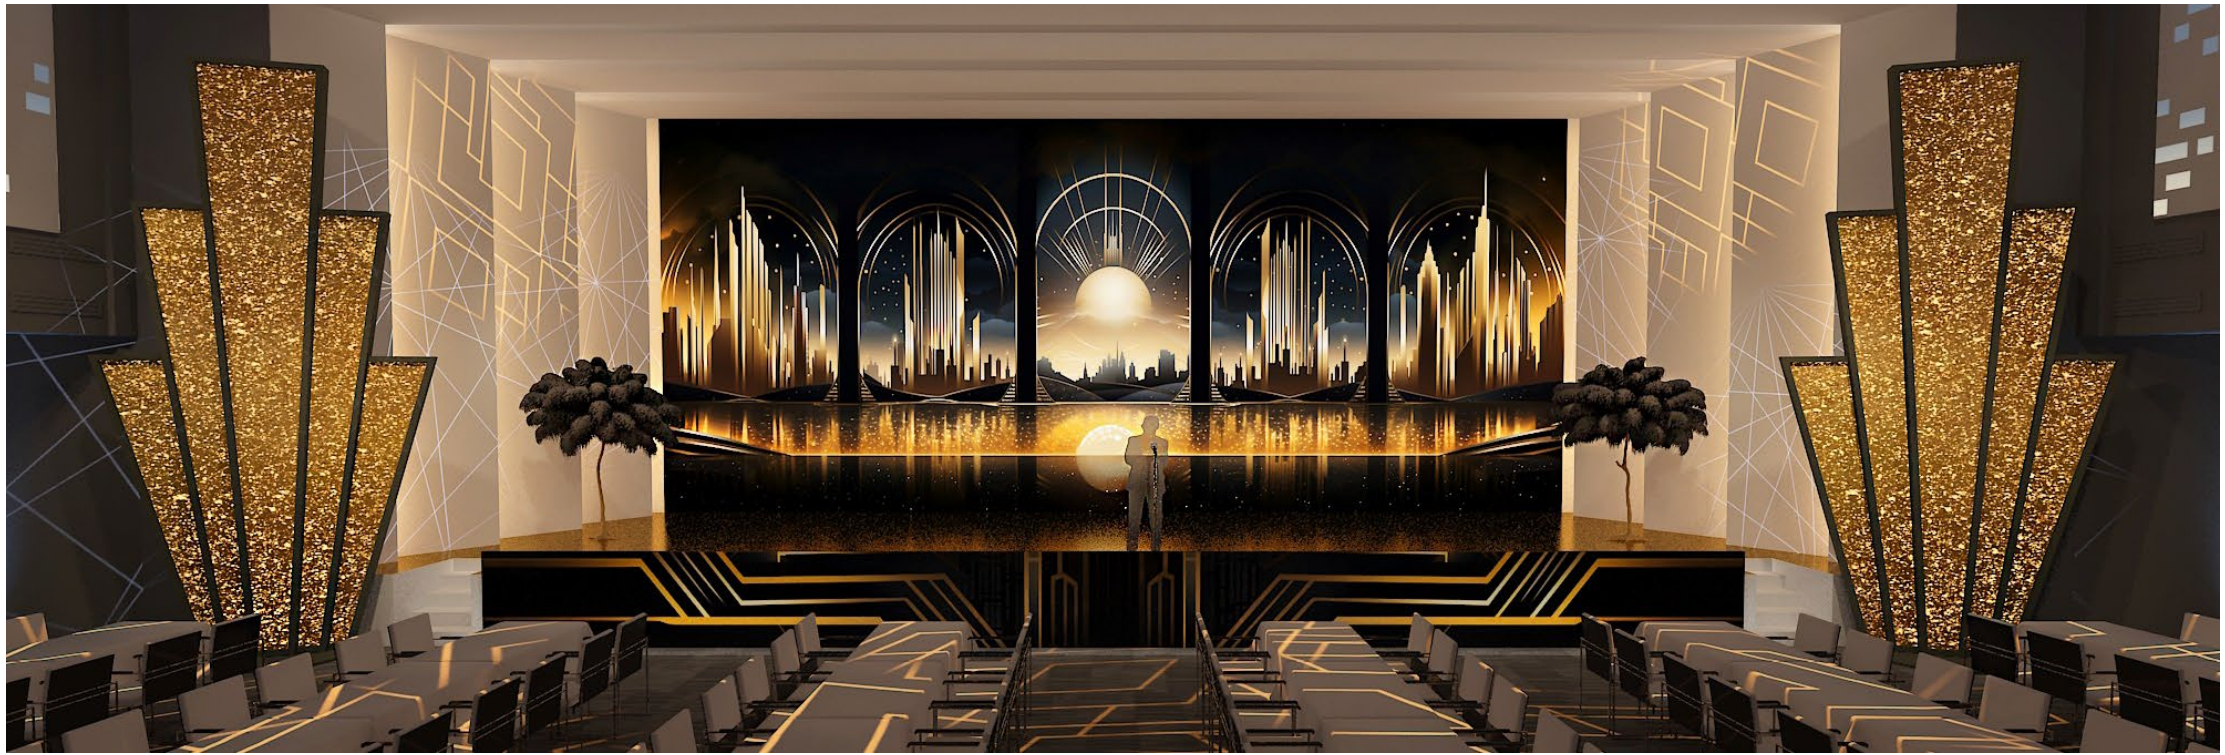

PORTFOLIO

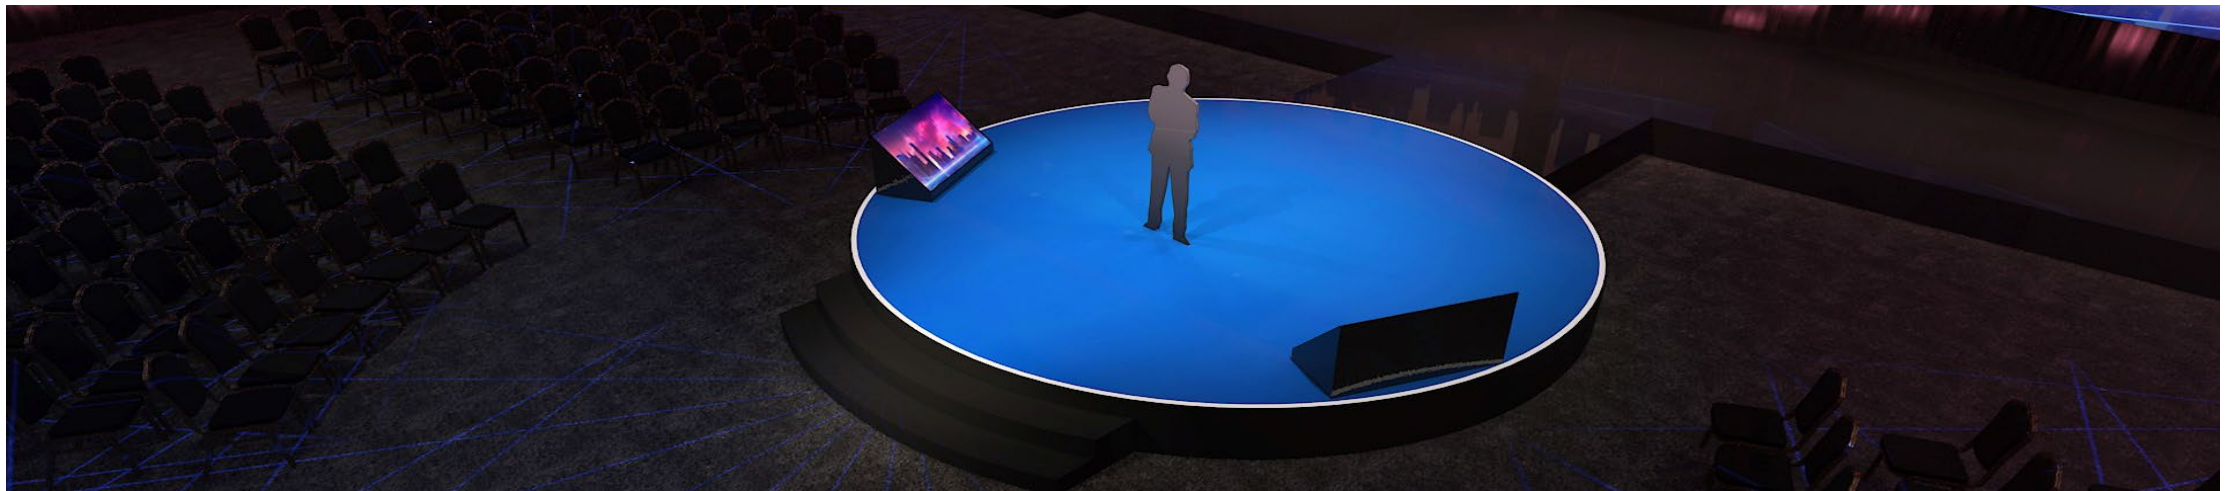

— SEMINARS AND CORPORATE EVENTS

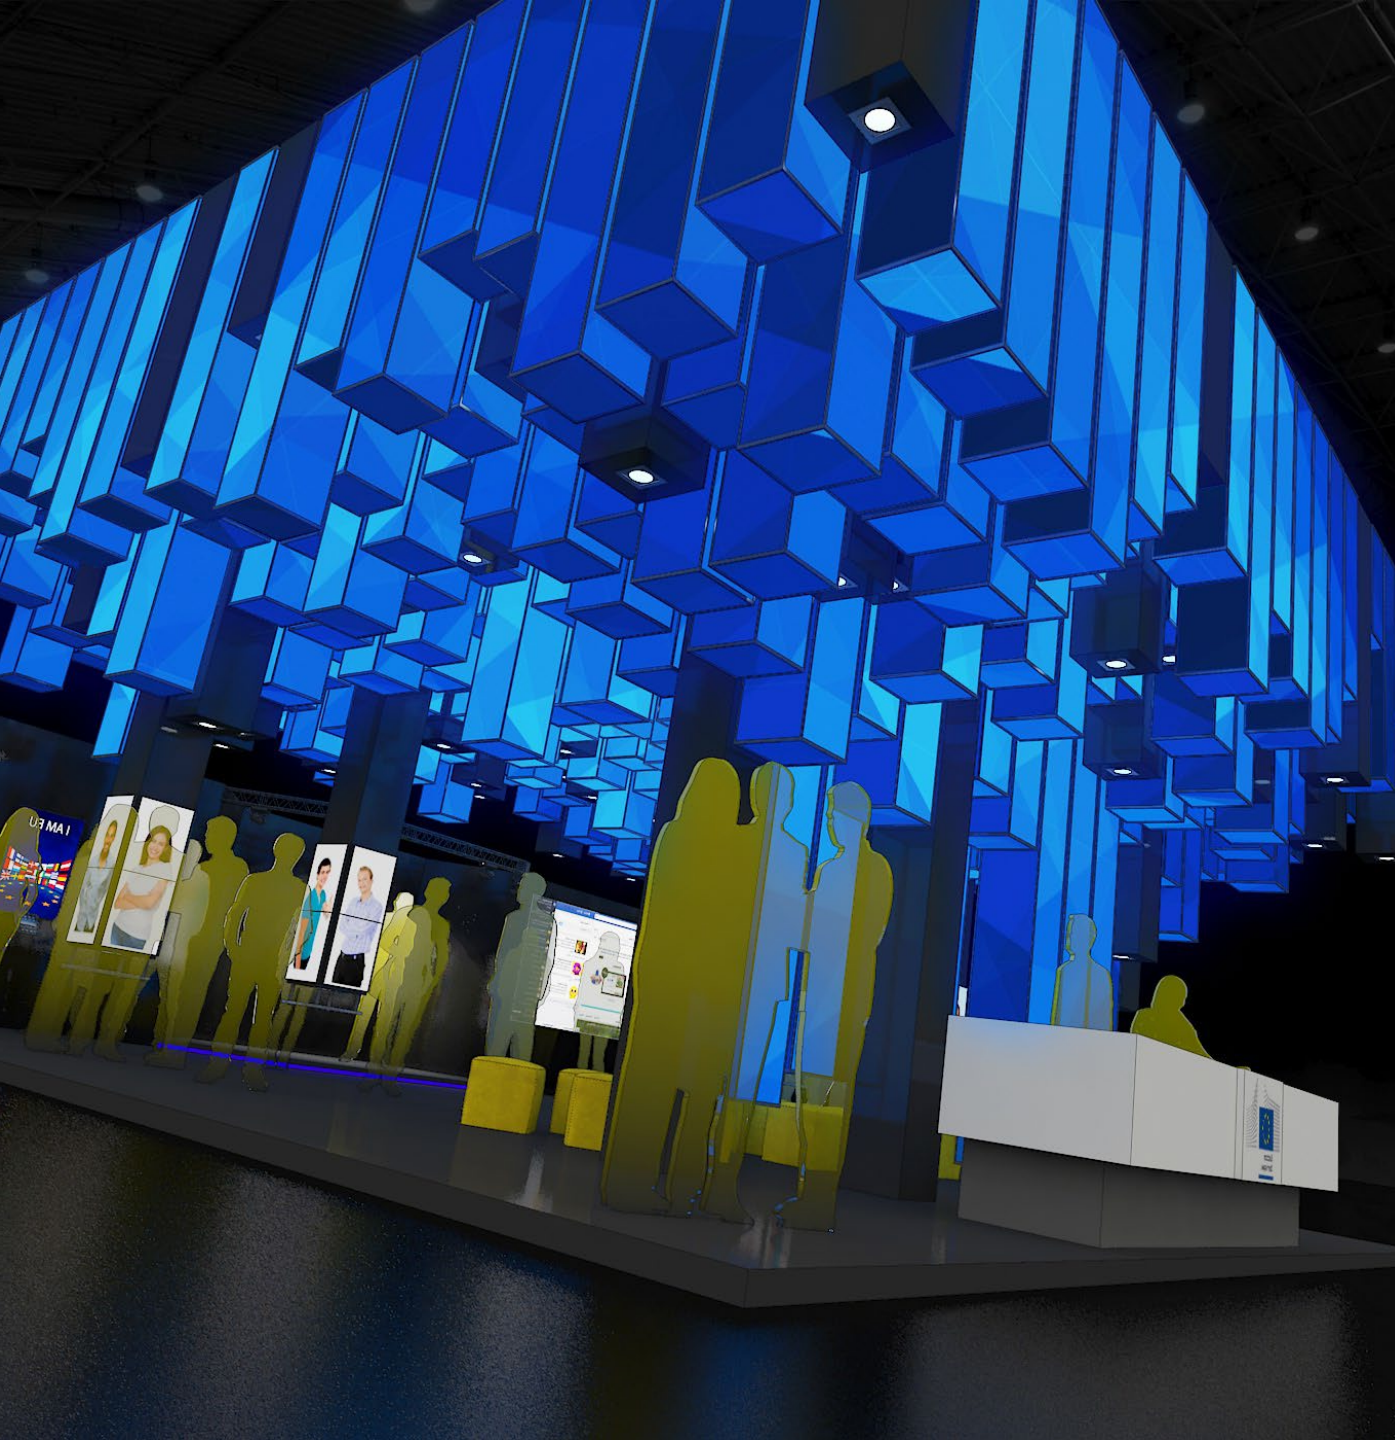

Our clients have trusted us with all types of events including Seminars, Galas, Awards Ceremonies and Exhibitions.

Supplying everything from Mood Boards and 3D design renderings to Ready-to-Present files/videos, we understand that delivery times can be short and work well to minimise stress and provide great results.

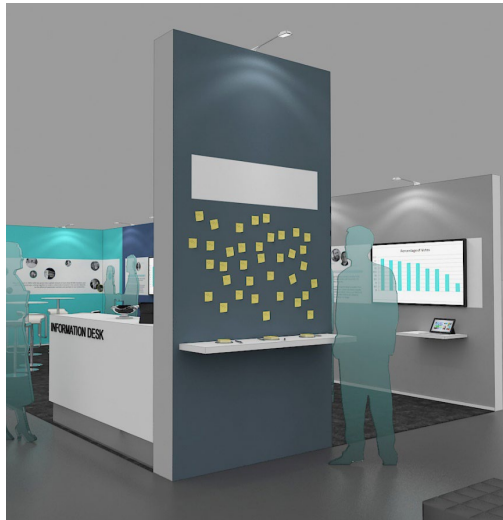

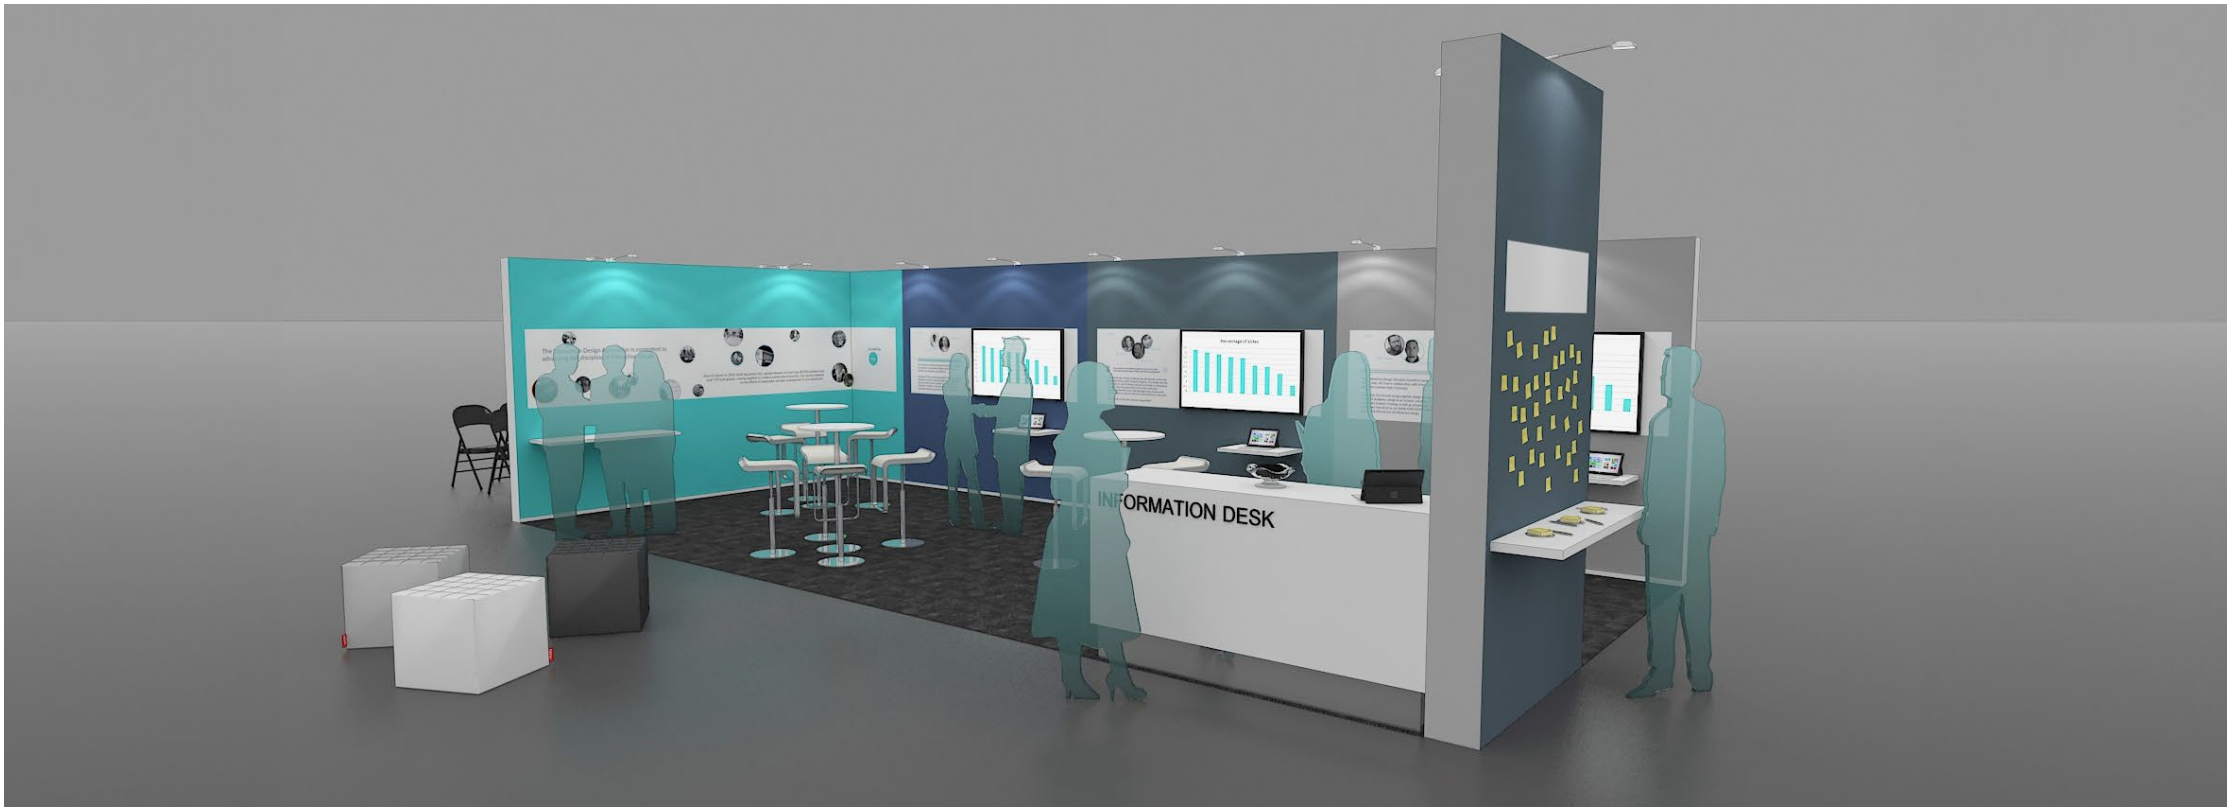

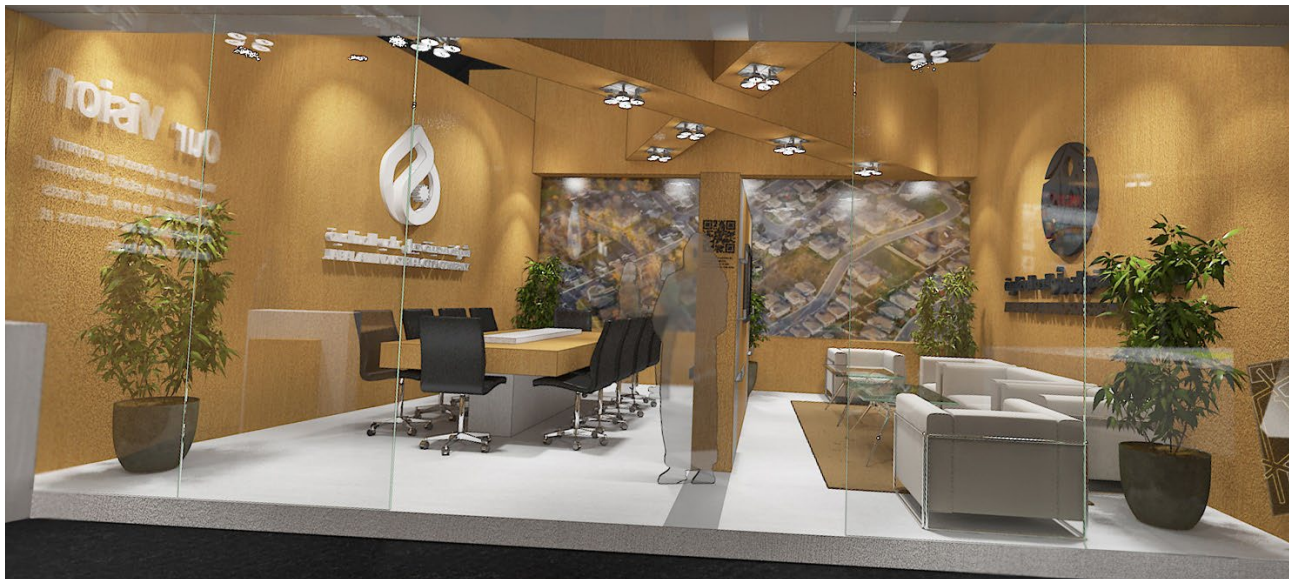

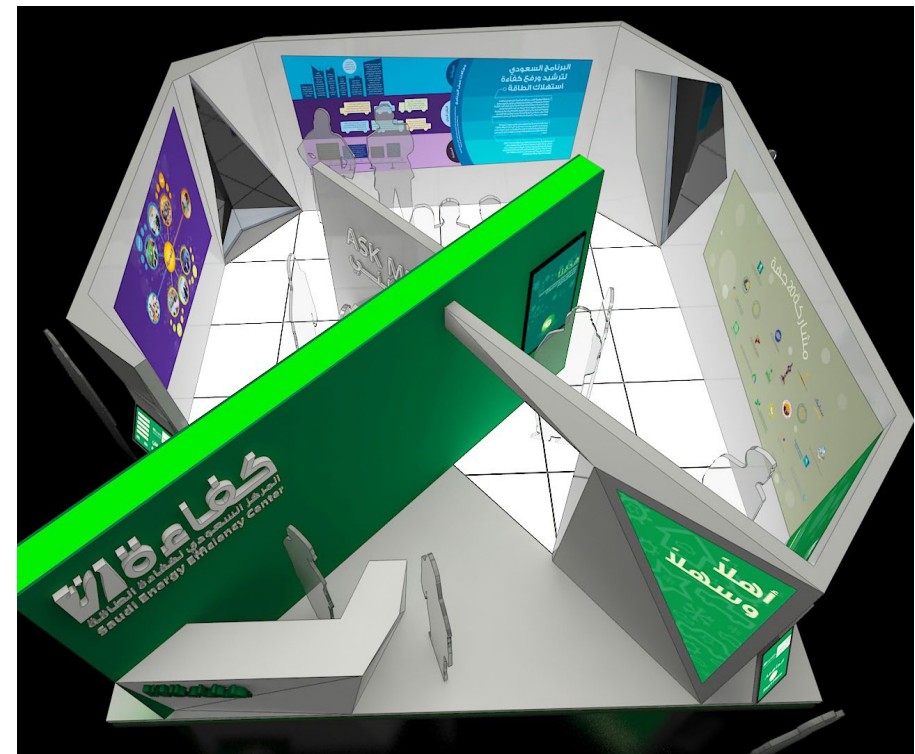

EXHIBITIONS

From small pop-ups, festival stalls, seminar stands, marketing/promotional setups to very large exhibition booths. Our designs have included a wide variety of successful and eye-catching areas – designed from concept or visualising a ready project/concept.

We want your booth to stand above the rest – so we include tech solutions, fabrication drawings and details of manufacturing suppliers for special items.

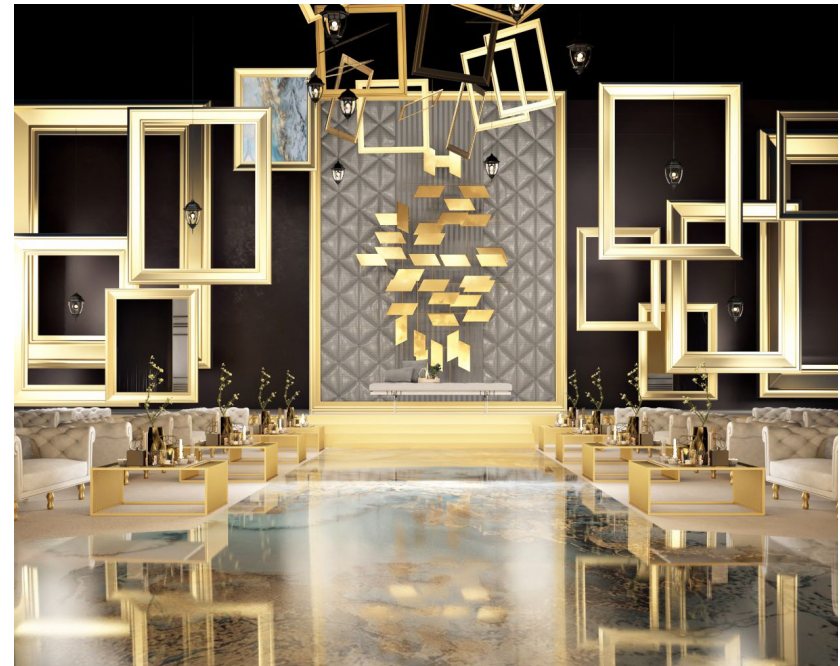

— WEDDINGS

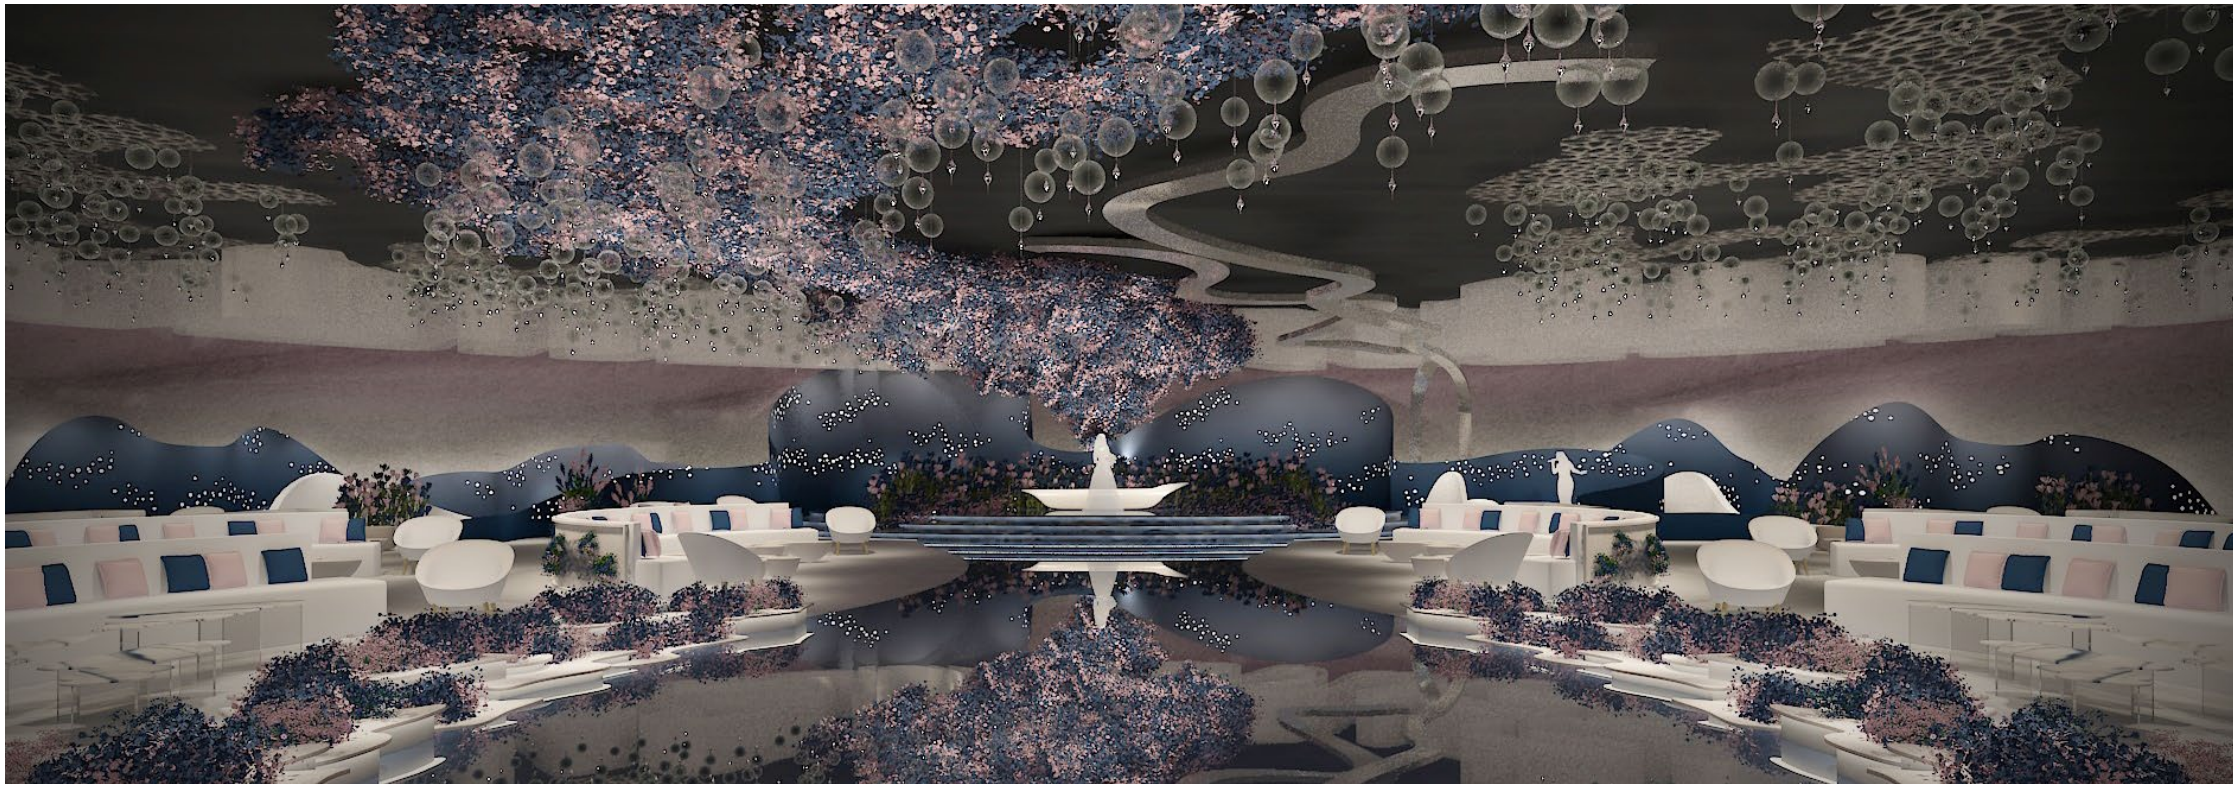

Working with Wedding Planners to design original, unique and grand concepts that will persuade and fulfil the requirements for their Bride can be an ambitious goal -We take great pride in our achievements in the wedding design arena in the UK and the Middle East, with our vast experience of many hundreds of successful large-scale private and Royal weddings.
