## COMPANY OVERVIEW

Carter Tire Sales & Service was founded in 1980 by Floyd Carter, and acquired in 1999 by his daughter, Patti Piscione. We provide tires and wheels for both commercial and consumer customers. We also perform 24-hour emergency road service and on-site fleet management. We have grown our commercial and retail services with a commitment to quality and price competitiveness in the market. We have developed strong working relationships with major tire manufacturers supplying high-quality products. Our customers and vendors understand our dedication to providing excellent service with integrity.

## CLIENT TESTIMONIAL

“Midwest Automotive Designs has been conducting business with Carter Tire since we opened in 2001. We purchase custom wheel and tire packages for our Luxury Sprinter Conversion Vans from Carter Tire. They are professionally installed by their courteous technicians in keeping with our high quality standards. Our experience with Carter Tire’s “Just-In-Time” service, tire industry knowledge and price competitiveness is one of the reasons our business relationship with Patti and her staff has remained strong over the years. We believe their business integrity and commitment to our needs has made them more than just our tire and wheel vendor but our vendor partner.”

~ Timothy R. Gray, President
