

## COMPANY OVERVIEW

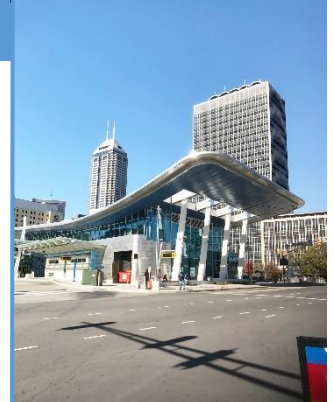

### Experts Extending the Life of Infrastructure, Proud to be Coating Nerds

SSPC QP3 Certified, DECO Coatings extends the life of infrastructure with application of liquid coatings for corrosion protection located on a five-acre urban industrial complex. Our technicians are trained in safety, technology, and the latest application techniques endorsed by internationally approved SSPC training. Training Programs are equivalent to those sponsored by DoD Corrosion Preventive & Control Program. We think the process of watching paint dry is fascinating and are proud to be Coating Nerds!
