

Maple Hill Engineering, LLC

CAPABILITY STATEMENT

Company Overview:

Bobbie Gilman started Maple Hill Engineering, LLC in 2012 after learning early on that project delivery can be a struggle with poor or broken processes. As a Mechanical Engineer, she has managed many projects and enjoys leveraging her team of great minds to accomplish the most complex objectives. They have been helping organizations of all shapes and sizes accomplish goals and streamline processes and facility layouts for more than 20 years. Over the past 6 years, Maple Hill has grown through the efforts of talented project managers with a passion for simpler methods. We partner with organizations to make a difference.

Core Competencies:

- Process Improvement
 - Process Documentation
 - Collaborative Partnering to Challenge Current Methodologies
 - Reduce Operational Costs
 - Improve Customer Experience
- Facility Design Layout
 - Organizational Business Needs Tailoring
 - 20% - 75% Increased Productivity
- Project Management
 - Plan Development
 - Team Facilitation
