

Statement of Capabilities

PROFESSIONAL OVERVIEW

EnviroKinetics, Inc. provides a broad array of policy, planning, development, management, and public engagement services linked to environmental sustainability, design excellence, social equity, and public engagement concerns. EKI brings a unique perspective and special/unique expertise on several other fronts.

CORE COMPETENCIES

Home Energy Conservation – Transportation Consultant – Environmental Investigations
Urban Planner – Alternative Energy – Green Infrastructure Consultant

KEY DIFFERENTIATORS

- ◆ *Driven entrepreneurial professionals with high-caliber management qualifications*
- ◆ *Consistent track record in promoting sustainable communities*
- ◆ *Meet goals for national and local energy conservation projects*
- ◆ *Strong orientations in environmental investigations technologies*
- ◆ *Proven ability to conceptualize and implement innovative solutions*
- ◆ *Ability to utilize and communicate cutting edge environmental/energy concepts to technical and lay audiences*
- ◆ *Ability to foster consensus and generate cooperation among multicultural and multidisciplinary teams*
- ◆ *Accomplished public involvement consultant*

SELECTED ACHIEVEMENTS

- ◆ Organized a highly publicized **Alternative Energy Roundtable Workshop** featuring private sector and academic panel discussion, energy conservation demonstration projects and career development sessions.
- ◆ Co-coordinated the **Public Involvement** roll-out strategy for the \$1.5 billion **I-69 Evansville to Indianapolis Highway project** (FHWA's "Corridor 18" connecting Mexico to Canada). Provided project identity for the **six multinational Section Consultants** and coordinated the public involvement meetings for the review/evaluation process of the State of Indiana preliminary route concepts.
- ◆ Consulted on Urban Enterprise Association's Brownfields Pilot Project which led to establishment of the **State of Indiana's** first full-time **Brownfields Coordinator** position currently housed in the Evansville Department of Metropolitan Development (DMD).

PROFESSIONAL AFFILIATIONS

- ◆ Technical Advisory Committee, Metropolitan Planning Organization, Evansville, IN
- ◆ President, Sustainable Communities Coalition, Inc. of Evansville
- ◆ Advisory Board, Growing a Regional Energy and Employment Network (GREEN) Outreach, Evansville, IN
