

CAPABILITY STATEMENT

ABOUT US

EnPak was founded in 2011 by two Professionals with more than 45 years of combined experience in orthopedics and a desire to make a difference in their community.

SERVICE OFFERINGS

INVENTORY MANAGEMENT

Management of customer or country-specific inventory that requires special labeling or packaging due to regulatory or contract requirements/restrictions. We also offer inventory sorting for expiration, labeling, and package conditions, etc.

SCRAP DISPOSAL

All materials are defaced and recycled when possible. Certification of destruction is provided when requested.

NON-STERILE PACKAGING SERVICES

Product is packaged or repackaged according to specifications. You may supply the materials, or we can take care of the entire process for you.

RELABELING SERVICES

Changing regulations and mergers often require changes to labeling for your already packaged product. We provide quick turn-around services to keep you compliant and your inventory available.

KIT ASSEMBLY

Bulk materials are received, packaged and labeled per your specifications.

CUSTOMER RETURNS PROCESSING

Our customer returns processing includes product inspection, repackaging, scrap disposal, and warehousing— everything you need to keep your inventory ready to sell.
