

CAPABILITY STATEMENT

B & S TRUCKING, LLC
HAULING DONE EASY

bandstrucking.com

DIFFERENTIATORS

- We pride ourselves in being trustworthy, honest, and having an excellent relationship with our clients.
- Our trucking transportation network serves some of the largest cities and construction sites in Indiana. Our company's size gives us an advantage with overhead cost.
- Our business is set up to comfortably work with both homeowners and contractors who may want to make use of tri-axle trucks to transport goods within the city.
- We are aware of the competitive nature in the dump truck business industry and are prepared to get into the mix and favorably compete with other competitors in the industry.
- Our major competitive advantage is the vast industry experience and solid reputation of our owner DeWayne Smith.
- Following a thorough market research and feasibility study we were able to highlight some factors which would give us a competitive advantage in the market place and provide the most efficient dump truck services possible.

CORE COMPETENCIES

- B & S Trucking, LLC trucks are equipped with open-top beds that allow for the transportation of paving materials, construction supplies, dirt, sand, and gravel to and from various locations.
- We measure loads to ensure the materials are delivered safely.
