## Capability Statement

C&R Construction and Consulting, LLC specializes in asphalt material sales, asphalt paving, sitework and concrete. We offer personalized knowledge while monitoring your project closely every step of the way. With our experience, you can be confident that the job will be done right. We strive to be the first choice of contractors for hot-mix asphalt and gravel.

### Differentiators

- C&R Construction has a reputation for exceptional quality and superior customer service.
- Our team has the experience and dedication to quality, which has allowed us to become one of the most respected and fastest growing asphalt and construction contractors in the Southern Indiana Area.
- C&R Construction asphalt plant is a state of the art INDOT certified plant. Our certified technician has over 30 years experience and has the highest dedication to the quality of asphalt mix we produce.
- We are your one-stop contractor for commercial, industrial, municipal and residential construction services.
