Service Disabled Veteran
Owned Small Business

Capability Statement

Crowell's Computer Solutions, LLC (dba) **NuTech Technologies, LLC** is a certified vendor and value-added reseller of IT Computer Hardware and Software for Government Agencies, and small to mid-size businesses. Established in 2018 by Thomas Crowell an Army Veteran, whose mission is to support companies by providing IT services and products. We help organizations transform IT service delivery, operations, and resources to align business and IT. Through a prescriptive approach, we examine business requirements and provide actionable recommendations, and help you define and implement new processes to meet and exceed your business technology goals.
