

Capability Statement

Uniting People & Resources

About Us

Empower Results, LLC unites people and resources by creating programs, partnerships, and stewardship opportunities that produce social and environmental benefits. Our team specializes in public involvement, customized outreach programs, and environmental stewardship. Our strong social awareness allows us to identify community leaders and resources, work within the confines of local planning initiatives, exceed state and federal public involvement requirements, engage diverse audiences in fun ways, and synthesize public feedback into meaningful project elements. Our extended team members provide us with reliable, creative, consistent teamwork that allows us to enhance our projects with cutting edge IT tools and attention-getting, communicative graphics.

Differentiators

- Our clients and projects span private sector companies, large and small municipalities, utilities, and non-profit organizations.
- We insure project success on various fronts by providing energetic, thoughtful, people-focused solutions.
- Our staff's unique approach engages clients, project team members, and the public, leading to more comprehensive decision making and successful public projects.
- Our team recognizes that stakeholder involvement and public empowerment will always team to achieve shared community goals and protection of the natural environment.
- We embrace thoughtful environmental planning and effective communication strategies to: Bridge People with Resources, Motivate Communities and Individuals, Guide Productive Public Involvement, and Facilitate People-Focused Solutions.
