Mobil Trackr specializes in Vehicle Fleet Management Analytics, providing clients with the ability to monitor and manage their vehicles in real time. Our UI/UX experience gives clients access to the best gui-interface, while also allowing them to see harsh braking, harsh turning, speeding, set alerts, geo-fencing, manage their oil changes or maintenance, and a host of other analytics.

DIFFERENTIATORS

- 24/7 Real Time Tracking
- Better UI/UX than Competitors
- Pricing Model + Month to Month Contracts
- OBDII Hardware included as part of the monthly plan
- MBE Certified

PAST PERFORMANCES

Mobil Trackr has provided services for the following clients:

- Mount Vernon Schools
- Oatts Trucking Company
- Pan Oceanic Engineering

CERTIFICATIONS:

- State of Indiana - **MBE**
- City of Indianapolis - **MBE**
- Indiana Department of Transportation - **DBE, ACDBE**
- Mid - States National Supplier Diversity Council - **MBE**

CORE COMPETENCIES

-  **MANAGE YOUR VEHICLES IN REAL TIME**
 Monitor and route vehicles in real-time location and traffic awareness 
-  **IMPROVE DRIVER BEHAVIOR**
 Identify risky behavior, create safe drivers, and reduce accidents 
-  **VEHICLE HEALTH**
 Track maintenance, battery health, engine temp alerts, fuel levels, & DTCs for your vehicles 
-  **IFTA REPORTING**
 Mobil Trackr will automatically track miles driven in different IFTA jurisdictions and import all your fuel purchases 
-  **FUEL, IDLING, & USAGE REPORTS**
 Keep costs under control with visibility into fuel usage, idle time, and fill ups 
-  **ELD - HOURS OF SERVICE**
 Stay compliant with national laws using our integrated ELD (hours of service) solution
