

## Capability Statement

[www.stregisculvert.com](http://www.stregisculvert.com)

**St. Regis Culvert, Inc.** is a manufacturer of high quality corrugated steel pipe. We produce diameters from six inches to twelve feet, round and arched, including 5 diverse profiles which provide economical site solutions for storm sewer and culverts. St. Regis is also a distributor of structural plate products, metal end sections and grader/snow plow blades. We are dedicated to personal service and on time delivery. With our “No Hassles” attitude and approach to business combined with our quick responses to phone calls, quotes and online inquiries, you can be assured we will answer all your drainage pipe requests. St. Regis maintains a full-time manufacturing facility and distribution location in Indianapolis, IN, and Charlotte, MI. We are the only family owned and operated culvert company in Indiana. These two locations in combination with highly skilled manufacturing personnel and dedicated sales staff enable St. Regis to provide quality products and superior service to the following states in the Midwest; Michigan, Indiana, Illinois, Ohio, and Kentucky.
