

# STUDIO A OF INDIANAPOLIS, INC.

Site / Civil / Landscape Architecture / Environmental Services

## Capability Statement

Franklin Tech Park

Grassy Creek Regional Park Trail

Ashmoor Subdivision Carmel

Rose Island

Studio A of Indianapolis, Inc., is a landscape architecture and site development firm offering environmental services since 2005. Our initial focus areas were trail and park feasibility studies, planning and implementation along with planting design. Throughout the years we have expanded into large scale land planning and site development including grading and stormwater management. We have first hand knowledge of the required processes to acquire the necessary permits and approvals to keep projects on track and on budget.

### Core Services
