Partnership. Precision. Quality

A computer integrated manufacturing technology company.

Young Cimtech LLC dba Cimtech Inc. and its subsidiaries are premier manufacturers of precision machined parts, fabrication, welding, tube bending and assembly for a myriad of industries. Having over 700+ years of experience, Cimtech prides itself on quality precision parts, on-time delivery, and customer service that is unmatched. From concept to execution, Cimtech is a preferred partner adding value every step of the way. We focus on growing partnerships with our Team, Customers, and Suppliers.

Core Competencies

- Precision Machining & Turning
- Fabrication
- Bending
- Punching
- Shaping
- Stamping
- TIG/MIG Welding
- Assembly
- Tube & Rod Bending
- Wire Forming

Completed Project Services

- Computer Aided Design
- Engineering
- Painting
- Plating
- Finishing
- Metal Heat Treating
- Grinding/Honing Polishing
- Powder Coating
- Engraving

Company Data

DUNS: 068082544

CAGE: 3NQZ6

NAICS Codes

- 332710 Machine Shops
- 332119 Metal Crown, Closure, & Other Metal Stamping
- 332721 Precision Turned Product Manufacturing
- 332999 All Other Misc. Fabricated Metal Product Manufacturing
- 332439 Other Metal Container Manufacturing

Certifications: Women's Business Enterprise

Key Differentiators

- Advanced Computer Technologies control every aspect of our design & manufacturing process.
- CNC Machining, Turning & Bending equipment is used to produce parts to precision tolerances.
- Stamping & Welding Capabilities Compliment and support our machining division.
- Rigorous Quality Control Procedures, including Statistical Process Control (SPC), constantly monitoring the product run to maintain precise conformity.
- Our Climate controlled Manufacturing environment makes close tolerances on parts the rule, not the exception.
