FEE GUIDE - Notes

- 1. During an extensive or phased course of treatment we would appreciate if we could receive payment after each item / phase of treatment.
- 2. If work needs to be sent to a dental laboratory, we may request that you pay 10% or a minimum of £200 when the particular treatment commences.
- 3. Please enquire about our Dental payment plans. Adult Plans start from £20.21/month (reviews annually)
- **4.** Treatment cost is determined by materials used, clinical time allocation, case difficulty and laboratory expenses. We routinely give a written estimate for courses of treatment. If circumstances change during an extensive course of treatment, you will be advised and any implications in cost will be explained and a revised treatment plan will be given.
- 5. * FREE discounted examination for CHILD patient under 5 years, when family member of an ADULT patient registered with the Practice Membership Plan. If discount NOT applicable, fee for examination of children under 5 years applies

Please do not hesitate to request a written treatment plan at any stage. As a rule, we try to keep you informed at all times.
