Fatal ICE Shooting Sparks Call for Accountability From Wyoming Democrats

Cheyenne — The Wyoming Democratic Party issued the following statement in response to today's events in Minneapolis.

What happened today in Minneapolis is horrifying.

Renee Nicole Good was shot and killed by an ICE agent while in her vehicle. Video of the incident directly contradicts the administration's claim that she used her car as a weapon. The agent was at the side of the vehicle, attempting to open the door, as she began to drive away. Within seconds, she was shot multiple times.

This was not a chaotic confrontation. It was not self-defense. It was a federal agent using lethal force against a woman who was trying to leave, not attack.

The administration's immediate attempt to justify this killing by misrepresenting the facts is deeply disturbing. ICE has become an agency operating with alarming aggression and too little accountability. Masked officers, opaque operations, and now a woman shot dead in her car.

Renee was a human being. She was an American citizen. She leaves behind a wife, child, and family whose lives have been permanently shattered.

There must be a full, independent, and transparent investigation. All footage must be released. And if this killing was unjustified, those responsible must be held accountable.

No one should be killed for trying to leave. No agency should be above the law.
