News In The World Of Money

01/23/2023: Some believe that minting a \$1 trillion platinum coin would enable the U.S. Government to keep operating and avoid a potential debt default without Congressional action on the debt ceiling. Janet Yellen, U.S. Secretary of the Treasury, knocked down idea of issuing a \$1 trillion platinum coin. The Treasury Secretary told the Wall Street Journal that the U.S. Federal Reserve would not back the plan. [[Source](#)]
