

Ron Middleton Missions Outreach

Pastor Billy Sechrist
Sending Church

A Baptist Church Planting Ministry

NOVEMBER 2025

Evangelist Craig Bryan
Founder

"In every thing give thanks: for this is the will of God in Christ Jesus concerning you." I Thess. 5:18 What a wonderful month of "Thanks Giving" it has been. God has been good to me personally, but He has especially been good to the Ron Middleton Missions Outreach. What a blessing to serve Him!

There have been so many good things happening all around the world. We are so thankful to have been a help to Brother Mark Holmes this month. We sent \$1000 to purchase a motorbike for a pastor to use in Nigeria. We have also been able to send money to help add to the City of Refuge housing. There are many Muslims in the area of Nigeria where Bro. Holmes is located, who have given their hearts to Christ. Because of their need for protection for accepting Christ, the current home needs to be expanded. I cannot imagine the fear of retribution they live under, even from their own families. What a blessing to help them have a safe place to live and worship the Lord freely.

We were thankful this month to have the funds to send money to Thailand to help Bro. Todd Painter with the December Christmas Program for his church. In his newsletter, Brother Painter said, "Every year we have seen many new people hear the Gospel because of our Christmas programs. Christmas is something that Thai people know little about and are curious. We use the opportunity of celebrating His birth to teach them about His death, burial, and resurrection for our salvation! Please pray many will be saved!" What a wonderful thing to be a small part of.

This month we give thanks for the Living Hope Baptist Church, in Jasper Indiana. Bro. James Young is the pastor there. We were blessed to help support his new work and now the church is growing. They are thankful for new members, visitors, and are beginning to take on missionaries for support!

Pastor Todd Herbert of Winningside Baptist Church flew in to pick up the bus we provided for his church. We thank the Lord that he was able to drive the 20-hour return trip with no problems. Traveling from North Carolina to Arkansas alone in a school bus can make for a very long journey.

As I read the monthly report from Brother Simmons in Mexico City, I am personally thankful for clean running water. There is currently a water shortage there, which is affecting the church, the college, and individual homes. Brother Simmons was thankful for the two water trucks that serve the area. He did report a preference for which truck they get water from, as one "is dirtier and has bugs and such".

I would personally like to say that I am thankful for all who support the Ron Middleton Missions Outreach. I am thankful for each dollar sent and each prayer lifted. God has truly blessed the Outreach by allowing us to help plant churches in 27 states and 19 countries. Please continue to pray that the Lord will use us to spread the Gospel!

In Christ;

Bro. Craig Bryan

*Our Team Getting
The Job Done*
SINCE 2020

7,457,353 Souls Saved
203,595 Baptized
217 Church Plants
