

The Legend goes Swiss

Tommy Chong and ALPINOLS: a connection that grew out of the love for the hemp plant. The Grammy winner, cult actor and cannabis activist - known among others from the famous Cheech & Chong movies as well as from the successful sitcom „The Wild Seventies“, created together with ALPINOLS 3 Bio CBD products, which are extraordinary just like Tommy Chong himself! **The Legend** choose from 10% and 30% CBD concentration based on organic hemp seed oil and also water-soluble CBD drops with turmeric and vitamin C.

Exclusively for Europe, we are launching high quality products together with The Legend from Hollywood and at the same time we are launching our strongest, 30% Full Spectrum CBD oil on the market.

The Legend

10% Full Spectrum CBD oil with organic hemp seed oil

Tommy Chong x ALPINOLS 10% organic CBD oil: a rich Full Spectrum extract with all cannabinoids the plant has to offer combined with uplifting terpenes to enhance mood, reduce stress and increase alertness.

CBD Oil 10% (1000mg) Full Spectrum, 10ml

- Ingredients: Full Spectrum hemp extract, organic hemp seed oil
- Made in Switzerland and cultivated according to Bio Suisse certified methods
- Hemp flavour
- 1 drop contains approx. 4mg CBD

The Legend Tommy Chong x ALPINOLS

Discover this fine Full Spectrum extract which includes all cannabinoids and all other important ingredients from the female hemp plant. The strong, aromatic and earthy taste is special yet unique. Due to our innovative CO₂ extraction we can assure the full entourage effect for the body.

Application & Durability

Keep the drops under the tongue for at least 60 seconds before swallowing. A small drop dosage is recommended at the beginning of the application, and later add more drops step by step until the desired effect sets in. Store at room temperature. Shelf life 6 months after opening.

The Legend

The Legend

Water soluble CBD drops With curcumin + vitamin C

A rich combination of Full Spectrum CBD extract and vitamins for everyone who likes to have something good to drink! This fast acting, Broad Spectrum hemp extract with curcumin and vitamin C is highly bioavailable and promotes relaxation, attenuates biological response to stress and anxiety, supports body and brain function.

Curcumin is said to have cholesterol-lowering, liver-protecting and antidepressant as well as anti-inflammatory properties. Together with vitamin C, which is known to help the body to build up collagen and inhibits the formation of carcinogenic nitrosamines, this water soluble CBD drops are suitable for an addition to all beverages – especially delicious in bitter liquids such as herbal teas, lemonades, long drinks or coffee.

- Increased bioavailability for the body, approx. 4-6 times more efficient
- Dissolves in all liquids
- Patented micelle technology
- THC-free 2.5% Broad Spectrum Extract
- Ingredients: water, organic Broad Spectrum hemp extract, gum arabic, curcuminoids, vitamin C
- Contains all cannabinoids, terpenes & flavonoids
- Made in Switzerland and cultivated according to Bio Suisse certified methods
- Completely and persistently soluble in water
- Recipe consists of 100% natural products, no alcohol added

The Legend Tommy Chong x ALPINOLS

Our innovation: explore these patented drops based on micelle technology. It dissolves in any liquid and due to the increased bioavailability, the CBD can take effect in the body within 30 minutes.

Application Add to the drink of your choice

The drops can be added to any liquid and it is the perfect alternative for those who don't like to get CBD under their tongue. A small drop dosage is recommended at the beginning of the application, add more drops step by step until the desired effect sets in. Store at room temperature. Shelf life 6 months after opening.
