About The Fridge

The Keswick Community Fridge is a mutual aid initiative that began as we saw a growing need for a low-barrier, accessible food resource in Keswick.

Since opening in December 2023, the Keswick Community Fridge has become a vital, community-driven resource. It is stocked entirely through donations from residents, local businesses, organizations, volunteers, and food rescue efforts. The KCF is run by The Georgina Community Food Pantry, alongside a dedicated team of volunteers, who play a crucial role in keeping the fridge filled, clean, well-maintained, and welcoming to all.

Over the past 90 days, the community fridge has redistributed 10,719 lbs of rescued food, equivalent to nearly 10,683 meals, preventing it from going to landfill. This effort has also helped reduce approximately 28,702 lbs of greenhouse gas emissions and conserved an estimated 9.6 million litres of water.

Our Goal: The Meal Program

Our goal is to provide fresh, homemade meals to community members and visitors to the Keswick Community Fridge on a quarterly basis.

Many individuals who rely on the Community Fridge experience food insecurity, and some have limited, or no access to cooking facilities. By offering ready-to-eat, nutritious meals, we help ensure our neighbours have access to wholesome food when they need it most.

Every meal is thoughtfully prepared by dedicated volunteers in a public health-inspected commercial kitchen, with a certified food handler on site to ensure all food safety and public health regulations are met. Together, we are providing more than just a meal, we are offering dignity, nourishment, and care to those in our community.
