

Active 1000w 4 Top & 12" Subwoofer Line Array System

FEATURES:

The Creative Audio Technology Avalon.4 is mini concert style multi-box line array system. Each of the 4 top boxes have a pair of 4" full range drivers and a horn-mounted tweeter. The sub is a 12" woofer packaged with a pair of 500 Class D amplifiers – one for the four top boxes and the other to drive the woofer.

- Aesthetic outlook, ultra-compact design, small but powerful.
- Easy installation by smart and quick connection design. The system not only fits common loudspeaker stands but also is supportive for customized fixing parts to set stable from wall or ceiling.
- Even and wide sound dispersion is guaranteed by line array curvature adjustment

WARRANTY – 24 MONTHS:

Bodymics Group LLC – Creative Audio Technology – warrants this product against faulty materials or workmanship for 2 years from date of purchase. Coverage DOES NOT extend to physical damaged incurred after delivery, damage caused by failing to follow the guidelines in the instruction guide, damage caused by any attempt to repair the item by third parties or any product that has had its Serial Number erased, altered, or removed. We will repair or replace items at our discretion.
