### Message to Potential Members:

BHBC has created an opportunity for churches to take up the "Towel and basin" and serve others in the name of Christ. We are totally dependent on the churches and church congregations to assist in caring out this Ministry. Churches working together can do more than each can do individually. We simply ask for your prayers in lifting this Ministry and encouragement for your members to choose specific ways to be in mission to their neighbors in need.

Individuals we serve will have a consistent link to crisis services (including mental health and Substance use services and resources), Homeless services and connectivity to housing they can afford, Medical care, reentry services and housing for the formerly incarcerated, The community needs to consist of self-governing, Self-Sufficient, positive, independent citizens. In short the choice to live and not just survive within the community without labels and stigmas.
