Cooperation Rather Than **Control**-
A Base Paradigm Of **Trust** Rather Than **Mistrust**-
Is The Solution To The World's Problems.

"The Universe is only as infinite as the mind that can perceive it."
-Cazekiel in "Reunion with Source" as received by James Gilliland

**A Soul's
Conscience**
Is Their
Unique Best Understanding
Of Evolving Ethics.

Every Soul
Has The
Sacrosanct
Right And Obligation
To
Be True To Their Conscience.

To Have
The Freedom
To Be True To Our Conscience
**WE MUST
TRUST**
One Another's
Sacrosanct Freedom
To Be True To Their Conscience.

In The
Grandest, Broadest, Longest-Range
Truest Context:

★★★★★★ **Everything Ultimately Settles Out As A Lesson In Love.** ★★★★★★

Calling Another "Evil"
condenses to
Calling Oneself A Bigot
for not yet learning to
Understand, Sympathize With, and Eventually Trust
The Other Party
And The Entire Universe

That Authorizes That Other Party's Existence And Sacred Purpose In Its Spiritual Ecosystem.

Integrity Is About Honoring The Sanctity of Conscience.

Integrity
is about
Honoring
The Sanctity Of
Conscience
not
Forcing Someone To
Do Something
Some Other Way
and to
Violate Their Own Conscience
because
You
Haven't Matured Enough
To Understand And Honor Them.

If you
support
the sanctity of conscience
enough
to try to impose yours
upon someone else...

...then honor the conscience
that sacredly belongs to the other soul in the first place.

...the same other soul
who is living the experience at hand,
rather than is a step removed from the situation.

There is nothing at all wrong with
Consensually & Constructively
striving to help evolve
the consciences of others.

Yet the end objective is of, course, to foster
Integrity To Conscience.

Rather than insincere temporary "agreement"
Because Of Intimidation
Instead Of Integrity.

We Should Be Each Others' Family, Rather Than Each Others' Wardens.

PEACE

If you don't first trust someone else,
you can't blame them for not trusting you.

Be The Change You Wish To See In The World.

The Solutions To The Universe Around You,
And To The Universe At Large,
Depend Upon Your Heart.

An Ounce of Prevention Is Worth A Pound Of Cure.

True Prevention Is Ultimately Voluntary,
Made Real By Trust rather than Threats of Force.

Instead of waiting for a drunk driver to kill someone, talk with them first.
But you won't reach their heart, unless as a friend.

Integrity (Honoring The Sanctity of Individual Conscience)

Advances Our Civilization

From **Selfish Consumers** To **Sustainable Collaborators**

From **Destroyers of Harmony** To **Builders of Harmony**

In Regard To

True Reality:

The Natural Universe

Indigenous Communities

Honor

Individual Conscience

As Being Most Sacred

Governed Communities

Honor

Armed Threats Against Individual Conscience

As Being Most Sacred

Indigenous Communities

Understand

And

Reside In Harmony With

True Reality = The Natural Universe

Rather than

losing their credibility for

short-term technological conveniences

that are afforded by

social standardization

against individual conscience

and against the consciences of communities beyond our own

(the natural world and the natural Universe).

The Nature Of Reality
As Understood By Indigenous Cultures

- There are No Known Absolutes (including this statement).
 - The Closest to an absolute Is The Ultimate Dominion Of Love.
Love = Happiness associated with expanded Trust.
 - Ultimately Only Love Exists.
 - Everything Else amounts to A Collaborative Waking Dream.
-

♥♥♥♥ Love is a feeling. ♥♥♥♥

It is the warmth in your heart
that you feel upon
courageously behaving
in alignment with your conscience.

Everything Is Love.

Love Is Conscious.

Everything Is Conscious Love.

Examples Of What Is Conscious

- The Physical – Whether or not in the state that we classify as life (such as water, Earth, or the Universe), and whether or not within the perception ranges of our senses, technology, or knowledge.
- Nonphysical – Including ideas, possibilities, dreams, emotions, spirit beings, beings not from Earth, and empty space.
- Everything Else – Such as collectives of physical and nonphysical beings, or situations beyond reason.
Reason = Reliance upon (arbitrary and thus ultimately unreliable) patterns.

As attested even through reason itself: Love Supersedes Reason.

A Base Paradigm Of Trust Is The Solution To The World's Problems.
