SPIRITUALITY

The puzzle includes each term- excluding punctuation, spacing, and parenthetical content.

<u>Term</u>	<u>Comment</u>
Non-Absolute Context Unconditional Love	There are no known absolutes- including this statement. Everything is true within a context. Prudently organizing the contexts is key. Pure love- fully unconstrained and fully extending to the depth of a soul.
Earth Gaia (Guy-Ah) Galaxy Universe Multiverse	Our present home planet. The name of our conscious female home planet. Our home region of the Universe. Our home Universe. All Universes- until further realities are discovered.
Conscious Pan-Consciousness Source Love	Spiritually Awake / Spiritually Aware / Spiritually Self-Aware Everything- living, dead, physical, nonphysical, singular, plural, etc.- is conscious. The collective term for everything, in its truest long-range identity of pure love. Happiness associated with expanded trust. The noun-and-verb chain that drives reality.
Long-Range Blessing	No matter how bad, everything eventually settles as a long-range blessing of love.
Conscience Free Will Sacred Sacrosanct	One's internal compass of right and wrong, based upon their own unique experiences. The right to adhere to your conscience, instead of others' secondhand opinions. Free will should be treated with hallowed reverence. Free will should be treated with extremely-hallowed reverence.
Colonization Decolonization	Disregarding the sacrosanct nature of free will, and instead trusting weaponry. Upon recognizing the impossibility of micromanaging another, honoring their free will.
Trust Default Paradigm	We cannot blame others for not trusting us, if we do not trust them first. A default paradigm of trust (except in rare cases when specifically warranted) may be wise.
Harmony Family	Trust-based collective success. Deeply soulful unity associated with harmony.
Natural Unanimous Universal Alignment	Consistent with the operations of the Universe and Multiverse. The immense wisdom of the Universe unanimously approves every soul's existence. It would be prudent to align with, rather than to contest, the wisdom of the Universe.
Indigenous Rightmindedness	Naturally present. / A culture distinguished by each soul's integrity to conscience. Thinking positively about oneself and others, and contributing to the success of all.
Soul Heart Brain	A relatively-discrete element of consciousness. The seat of one's conscience, serving as the final judge of ethics. The seat of one's mind, constituting opposing counsel toward heart-based decisions.
Meditation	The solitary silent process of wondering, by which intuitive conjectures can emerge.
Collaborative Waking Dream	The nature of reality, explaining metaphysical feats and the truth of external love.
Nation Country	A culture. A protection racket (founded upon fraud and weaponry, rather than free will).
Reason	Trust in patterns, even though patterns are not obligated to sustain themselves.
