Franchise Opportunity

Introduction

Lifetchangers Academy strongly believes in the formation of loving, trusting bonds between a child and their caregivers. Each child is assigned to a primary caregiver and that teacher is responsible, first and foremost, for meeting that child's needs. This practice promotes a deeper understanding of the child's personality, likes, dislikes and developmental needs and creates a foundation that will support maximum opportunities for the developmental growth and well being of the child and their family.

Our Mission

To cultivate your child's confidence and character through our early learning system that will empower them individually to: Set the standard, Dare to be different, Do the right thing
Maximizing their learning experience.

Soaring to Excellence

"Let the words of Christ and all their riches live in your heart and make you wise."

Col. 3:16

Why LifeChangers Academy?

OPERATING PROTOTYPE

There are three strong operating locations that are run by the existing management of LifeChangers Franchising, LLC.

INTEGRITY AND COMMITMENT

LifeChangers is committed to the highest level of service by providing consistent structured support and guidance that leads to fundamental success.

OPERATIONALLY SOUND

The LifeChangers model runs smoothly with a manageable number of employees and a reasonable workload for an owner operator.

POINT OF DIFFERENCE

Our LifeChangers motto is distinctively different due to our ability to connect to each child at their level, transcending racial and ethnic culture and overcoming economic differences.

CASH REQUIREMENTS REASONABLE

The cash requirements are extremely reasonable for a start-up. A franchisee could start a LifeChangers operation with as little as a \$141,000 investment, which includes the franchise fee.

ADAPTABLE NATIONALLY

The LifeChangers model is certainly adaptable nationally, it has the components to thrive in any market. This concept is based on the number of families enrolled.

TOP REASONS TO BUY OUR FRANCHISE:

- Our Mission
- Faith-based
- Integrity and trust
- 25 years of experience
- Iconic Brand
- Demand
- Blue Print
- Proven Results
- Support / guidance
- Profitability in less than three years

Our Vision

*To Lead In Quality Childcare
To Change Community Perceptions
To Shape Future Generations*

Support:

AREAS OF SUPPORT INCLUDE:

Operational Support
Marketing Support
Accounting Support
Audit Support
Legal Support

LifeChangers Academy will also continue ongoing research and development, which will stream down to each franchise location.

With these great areas of support, becoming a franchisee of LifeChangers Academy could not be easier!

Qualifications:

The best LifeChangers franchisees will be success driven people. Ideally, we will find candidates who have some past experience in working with children (possibly former teachers or school administrators), or owning their own business, but it is not essential that they have this past experience. They should definitely have an affinity toward the education business and lifestyle.

Business skills the franchisees will need to operate the franchised business include the following: Basic bookkeeping/record keeping/charting, standard computer skills, management ability (and the ability to work with all types of people – customers and staff), and certainly salesmanship.

The number one quality we will look for in a potential candidate for LifeChangers is their desire to advocate for children and their confidence in their knowledge and abilities in the education community and their ability to convey that to their customers.
