Angel Loop Nominees Pty Ltd
An Angel Loop Foundation Initiative

Angel Loop Foundation is a charitable Institution (QLD) for the promotion of Innovation and Entrepreneurship in Australia through the achievement of its public benefit in "that innovative ideas generally be carried through to successfully commercial fruition" "which is not on beneficial to the public generally but also a direct benefit to a section of the public, being those members of the public with the inclination and ability to make inventions for commercial purposes and invest in them". This certificate is a public service designed to promote the "inventive process" by enabling greater engagement while retaining the Investor provisions described in s708 of the Corporations Act 2001.
