## OTHER NOTES TO HELP THE PACKING PROCESS!

Church camp is a unique opportunity to be a part of a faith community where we are challenged to live as Christ has taught us to live. In doing this, we ask that campers and staff be sensitive to others in the way we treat one another, the language we use, and the clothing we wear.

### As you pack for camp, keep the following in mind.

- ❖ *Please be sure that clothing with words or messages are appropriate to church camp. Avoid clothing advertising beer, cigarettes, the military, violence, or any inappropriate suggestions.*
- ❖ *Clothing must fit well and cover body parts adequately.*

In order to return home with all your clothing and belongings, we recommend that you put your name on your personal belongings. It also helps to keep things together if you bring along a bag for your dirty clothes.
