

Meet Ms. Weisz

My name is Ms. Nora Weisz and I am thrilled to be joining the La Jolla High School team this year. This is my 3rd year teaching Technical Theatre and Theatre Arts at the high school level.

My passion for the performing arts started with my dance training and deepened as I began to explore acting and singing. I graduated from Xavier University in 2019 with a B.S. in Theatre Education and a minor in special education.

An education in the performing arts has many rewards. My belief is that good artists make good people. Whether enrolled in tech theatre or theatre arts your student will be engaged in the art of storytelling as well as social emotional learning, with an emphasis on empathy.

My courses at a glance...

With a focus on performance, your student will learn the basics about all facets of theatre so that by the end of the school year, they'll have a clear idea of what areas are of particular interest to them.
