ROLLING PAPERS

Custom rolling paper booklets are the best and easiest way to promote any cannabusiness. They are light weight and can be fully customized. It is the easiest way to get your brands name right in front of your customers. These custom rolling papers are eco friendly and are made from renewable resources. The adhesive is made from a natural Arabic gum and the hemp and wood pulp papers contain no harmful chemicals or accelerants. They are perfect for promoting medical and recreational marijuana dispensaries, growers, medical doctors, bands/artists, cannabis trade shows and more!

We stock white booklets for quick prints or we can customize the entire booklet and the box that they come in. Adding tips or crutches is also available.
