

Chicago Christian Academy

Faculty—Primary School Teaching Position

Job Description

A Primary School Teacher will be able to draw out various fields of study from a subject that is presented before students. The teacher will be able to develop number sense in students and will be able to foster a love of God's creation. The teacher will serve the students and the families through communication, encouragement, and loving sacrifice. The teacher will serve the school through solid lesson planning and an engaging teaching style. The teacher will engage the students through animation, lecturing, coaching, and facilitating a classroom. The teacher will be able to develop curricula through the study of the subject matter and the learning abilities of the students. The teacher will be able to manage a classroom by loving students through discipline.

Salary

- Competitive Pay
- Benefits for full time positions

A Primary School Teacher is ready to fulfill the mission of Chicago Christian Academy in the following ways:

- Disciple children
