

SWEDGELOCK
ALUMINUM FENCE AND RAILING

ARCHITECTURAL PRIVACY SCREENS

2026 EDITION

MAXIMUM PRIVACY

Reduce visibility and enhance security.

PREMIUM DESIGN

Modern aluminum built to elevate any space.

BUILT TO ENDURE

Engineered for strength, style, and all-weather performance.

LOW MAINTENANCE

Enjoy lasting beauty without the upkeep.

From Concept to Completion

Engineered from detailed shop drawings to match the project's architectural vision, the structure features precision fabrication, custom geometric infill, and a resilient powder-coated surface.

The result is a custom design that delivers durability, security, and elevated architectural style

ARCHITECTURAL PATTERNS
 Sophisticated designs add style and visual interest.

PREMIUM ALUMINUM
 Durable, lightweight, and engineered for strength.

PRECISION ENGINEERING
 Thoughtful details ensure lasting performance.

VERSATILE APPLICATIONS
 Ideal for balconies, facades, perimeters, and more.

Custom powder-coated aluminum privacy screens engineered from project-specific shop drawings, featuring precision-cut geometric infill, durable construction, and meticulous attention to detail.

Each component is fabricated to exact dimensions for a clean fit, consistent alignment, and a cohesive finished appearance that complements surrounding materials and architectural intent.

Where Precision Meets Excellence
