

Mother's Prayer

Almighty G-d, as I stand before you holding this precious child, I am humbled by the enormity of your kindness to me. When I gaze at his angelic face, and ponder the miracle of his birth, I am overcome with deep feeling of thanks and gratitude for this incredible gift.

Please dear G-d, grant me and my husband good health and wherewithal that we may properly care for this dear child. Too, please bless us with the wisdom and foresight to make the proper decisions in his life so that he may grow to be a proud member of the Jewish Nation and a distinguished citizen of our great country.
