MTS – Where Hospitality Calls Home

MTS Seating has delivered manufacturing excellence for over six decades. With longevity being so crucial to customer satisfaction, staying power—plus a healthy dose of quality control and artistic integrity—serve as the key ingredients in every single MTS product. Whether you're traveling from coast to coast or across the globe, you'll find these exceptional seating products in every hospitality venue imaginable, helping each space stand out and stand up by setting a new standard for design and comfort.

With a legacy built on Stackable Banquet and Meeting Room Seating, along with Restaurant, Club and Lounge Seating, MTS leverages its hospitality heritage to continually refresh and reinvent itself with products that now serve Hotel Guest Rooms and Public Spaces, Senior Living, College and University hospitality applications and the largest Convention Facilities across the country. But after more than half a century, our goals have evolved from simply making the best products possible to something more: Leading with innovation and collaboration while making industry's best-built, best-backed chairs and tables. As you look through the Art of MTS, remember that each product is a direct result of this process.

ROYCE

Mid-sized but big on comfort.

Royce is perfect for the guest room or lobby lounge space. Its transitional design is complemented with a decorative x-stretcher connecting its tubular steel frame.

ARC

Indulge yourself.

Arc features swooping arms and a modern vibe. The luxurious sitting experience is created by a comfortable cushion seat supported by a COMFORTweb® foundation and a pillow-like back cushion. The base is comprised of a tapered tubular steel frame with decorative stretchers for a solid long-lasting design.

LAZE

Don't just elevate your feet.

Purpose built to fit the needs of the hotel guestroom and public space settings, the Laze lounge chair and ottoman from MTS Seating elevates both style and comfort.

Embodying classic Danish design, the crisp tailoring of the chair's outer profile highlights the geometrically flared arms and contrasts nicely with the generous COMFORTbliss™ foam padding and supple curves of the interior. The tapered steel frame is available in a wide array of powdercoat finishes and two plated finish options.

PARAGAMI™

Poetry in motion.

Just as the Japanese art of origami can transform ordinary sheets of paper into extraordinary works of art, MTS's stunning Paragami Series chairs can transform guest rooms and public spaces. This graceful seating line has the style to stand out in any room and the strength to stand up to the demands of your visitors and guests. Paragami looks especially good when dressed up with our maple wood leg base.

EMMA

A timeless classic.

Like the heroine in Jane Austen's beloved novel, our Emma Series is a classic that never goes out of style. Its mid-scale shell and mid-century modern look was all the rage back in the '50s and '60s, and as with all things retro, is gaining momentum again. It comes in two different back styles, one solid and one with an opening in the lower back. A cushioned seat and back make it as comfortable as it is stylish.

SynerGreen®

MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principles to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on our line of stacking, banquet and restaurant seating, and in 2014, MTS received Sustainability Leader status with the MindClick Global Hospitality Sustainability Index.
