

Immigrant Families Together is a 501(c)3 organization dedicated to reuniting and supporting immigrant families separated at the US/ Mexico border that gives special consideration to those who are extremely ill and the vulnerable LGBTQ immigrants.

In addition to reuniting families by paying the bonds of adult family members, we provide programs of support and resources for the reunited families we reunite:

- Legal Counsel
- Medical
- Housing
- Food Security
- Transportation
- Clothing

Our mission includes:

- Humanitarian relief to partners on the border working with those affected by the Remain in Mexico policies (Migrant Protection Protocols).
- A detention support program which expands work in detention prisons for the support of families who lose a loved one in detention, and to support those in immigration detention so that they don't become another name on the devastating list of deaths in ICE custody.
