

## Project List

S.No.	Project Name	Scope of work	Contractor	Consultant	Client	Project Status
1	New Satellite Plant Phase 2 (New Satellite Plant Water Transmission System), KSA	Design & Engineering services to New Satellite Plants Phase 2 (Design & Engineering of Civil, Mechanical, Electrical & Instrumentation)	Inecsa - Inarsa	Khatib & Alami	SWCC	Ongoing
2	Red Sea International Airport, KSA	Surge analysis for the water supply, irrigation, storm water and sewage network	Shapoorji Pallonji Mideast L.L.C.	AECOM	Red Sea Development Company	Ongoing
3	Dubai Creek Harbour Phase 4 & 5	Stress analysis and support design for the chilled water pipes & generator exhasut pipes	United Masters Electromechanical LLC	Mirage Leisure & Development LLC	EMAAR	Ongoing
4	DEWA HQ	Structural support design for MEP equipments	Voltas Limited	ATKINS	DEWA	Ongoing
5	DEWA Utility Network	Hydraulic analysis for the water network	SMITHLINE REINFORCED COMPOSITES FZC	DEWA	DEWA	Completed
6	Residential Development, Palm Jumeirah	Seismic analysis and support design of Fire fighting pipes	Naffco	GAJ / Al Hadatha	Serenia Residences Limited	Ongoing
7	The Palm Jumeirah Gateway Towers & Car park Podium	Stress analysis and support design for the chilled water pipes	Shapoorji Pallonji Mideast L.L.C.	ATKINS	The Palm Jumeirah	Ongoing
8	Madinat Jumeirah Living JH-0022 Phase 4	Stress analysis and support design for the chilled water pipes	Al Shirawi	T Engineering Consult	Dubai Holding Real Estate	Ongoing
9	Residential Development on Plot No. 3470382 Building (B+G+22+R) Mohammed Bin Rashid Al Maktoum City	Seismic study & support design for the fire fighting pipes	Aikah	Arif & Bintouk	Mohammed Bin Rashid Al Maktoum City, District One	Ongoing
10	Beach Mansion (Z02.B14), Dubai	Acoustic study of MEP Equipments	Saifco	Mirage	EMAAR	Ongoing
11	The Valley- Farm Gardens, G+2 Villas	Acoustic study of MEP Equipments	EMT Electromechanical works LLC	Mirage Leisure & Development LLC	EMAAR	Ongoing

12	Qiddiya Water Theme Park, KSA	Stress analysis and support design of hot water pipes	Ecoval Trading LLC	Dewan Architects & Engineers	Qiddiya	Ongoing
13	Red Sea Marine Life Institute- Amalaa, KSA	Seismic stress analysis and support design for the chilled water system, water supply and FLS system	BK Gulf LLC	Atkins Realis & Partners Overseas	Red Sea Development Company	Ongoing
14	J6/23 - Eden House- The Canal (B+G+6+R)	Stress analysis and support design for the chilled water pipes	Al Futtaim Engineering	Erga Progress Engineering Consultants	Eden House	Ongoing
15	Triple Bay Amalaa, KSA	Stress analysis and support design for the chilled water pipes	Shapoorji Pallonji Mideast LLC.	AECOM	Red Sea Development Company	Ongoing
16	LA Reserve Proposed B+G+12/14 Storey Residential Building	Stress analysis and support design for the chilled water pipes	United Masters Electromechanical LLC	LACASA Architectural Consultants	Swiss Property	Ongoing
17	Proposed Millennium Plaza Complex (Upgrading & Renovation Phase-1) at Dubai	Seismic stress analysis and support design for the chilled water system, water supply and FLS system	Entire Technical Services LLC	IAN Binhams & Associates	Pearl Azure	Ongoing
18	Parkfield Plot 16	Stress analysis and support design for the chilled water pipes	China Railway 18th Bureau Group	Mirage	EMAAR	Ongoing
19	PT 295/4 Innovation Hub, Phase 4	Stress analysis and support design for the chilled water system and seismic study for the FLS system. Acoustic study for the MEP equipments	Al Shirawi Electro-Mechanical LLC	WSP	TECOM Group	Ongoing
20	Residential Development, Palm Jumeirah	Seismic analysis and support design of LPG pipes	Bilt ME	GAJ / Al Hadatha	Serenia Residences Limited	Ongoing
21	The Peninsula at Business Bay Plot F	Seismic analysis and support design of LPG pipes	Bilt ME	Dubai Consultants	Select Group	Ongoing
22	Ellington House, Construction of G+P+12 Residential Building on Plot No. 6317636 at Hadaeq Sheikh Mohammed Bin Rasheed	Hydraulic analysis for the external chilled water network	Al Shirawi Retrofit	Model Engineering Consultants	Ellington	Completed
23	Al Badia Zone 6 Villas	Stress analysis & support design for the ETS room	Al Futtaim Engineering	Khatib & Alami	Dubai Festival City LLC	Completed

24	J6/23 - Eden House- The Canal (B+G+6+R)	Acoustic study of HVAC equipments	Al Futtaim Engineering	Erga Progress Engineering Consultants	Eden House	Completed
25	Ministry of Cultural Headquarters	Stress analysis and support design for the chilled water pipes	SSH	DGCL		Ongoing
26	Amalaa Six Senses Triple Bay- KSA	Seismic stress analysis and support design for the chilled water system, water supply and FLS system. Hydraulic analysis for the chilled water & water supply system. Acoustic study for the MEP equipments	Voltas Limited	U+A	Red Sea Development Company	Ongoing
27	Jewel of Creek (JOC) Development Plan Phase 2	Stress analysis and support design of chilled water pipes	Pluto Electro Mechanical Contracting LLC	GCE Consultants	Dubai International Real Estate	Completed
28	Lime Garden Plot 15	Stress analysis and support design for the chilled water pipes	China Railway 18th Bureau Group	Mirage	EMAAR	Ongoing
29	The Link Plot B02- Masdar City	Stress analysis and support design for the Chilled water pipes & Seismic study for the FLS system	BK Gulf LLC	STANTEC	Masdar City Services LLC	Ongoing
30	Masdar City Square	Seismic study for the FLS system	ASGC	Faithful Gould	Masdar	Completed
31	Ellington House, Construction of G+P+12 Residential Building on Plot No. 6317636 at Hadaeq Sheikh Mohammed Bin Rasheed	Stress analysis and support design for the chilled water pipes	Al Ashram Contracting LLC	Model Engineering Consultants	Ellington	Completed
32	Bahrain Mixed Use Development	Support design for the chilled water pipes	Kartec Services WLL		One Eleven Holding W.L.L	Completed
33	Light Industrial Unit	Finite Element Analysis for the GRP underground tanks	Global Fiber Glass	AD Port	AD Port	Completed
34	Residential Development, Palm Jumeirah	Seismic study and restraint design for the electrical services	Bilt ME	GAJ / Al Hadatha	Serenia Residences Limited	Ongoing
35	Yas Water Expansion - Deep Utilities Work	Stress analysis & support design for the chilled water & Lot Temperature Hot Water pipes	ALEMCO	AECOM	Yas Water World	Completed

36	District Cooling Plant- Sustainibe City at Yiti, Muscat	Stress analysis and support design for the chilled water system & condenser water system, Hydraulic study of chilled water & condenser water system, Acoustic study of cooling towers	Airmech Oman	Allied Consultants / Engineering Innovation Design & Consulting Co	Sustainable Development & Investment company	Completed
37	DCC Seddiqi 15 Villas -G+1 Plot 3730182, Al Barsha First	Acoustic study of MEP Equipments	Al Futtaim Engineering	Erga Progress Engineering Consultants	Seddiqi & Sons Investment LLC	Completed
38	Residential Development on Plot No. 3470382 Building (B+G+22+R) Mohammed Bin Rashid Al Maktoum City	Stress analysis and support design for the chilled water pipes	Al Shirawi Electro-Mechanical LLC	Arif & Bintouk	Mohammed Bin Rashid Al Maktoum City, District One	Completed
39	The Link, Masdar City	Stress analysis and for the underground chilled water pipes and seismic study for the FLS system	BKG	Stantec	Masdar City	Ongoing
40	Beach Mansion (Z02.B14), Dubai	Stress analysis and support design for the chilled water pipes & WS pipes	Saifco	Mirage	EMAAR	Completed
41	PT 295/4- Innovation Hub, Phase 2	Stress analysis and support design for the chilled water pipes, Generator exhaust pipes and seismic study for the FLS system	Al Shirawi Electro-Mechanical LLC	WSP	TECOM Group	Ongoing
42	Al Sindalah Islnad Cluster 1 Bonvoy (Marriot Excecutive) Type Apartments, KSA	Seismic structural design of MEP Modules	ALEMCO	Ramboll	NEOM	Completed
43	Peninsula Plot C at Business Bay	Stress analysis and support design for the chilled water pipes	Al Shirawi Electro-Mechanical LLC	D C Dubai Consultant	Select Group	Completed
44	Al Badia Phase 6 Residential Development	Stress analysis and for the underground chilled water pipes	EPPI	Khatib & Alami	Dubai Festival City LLC	Completed
45	Proposed G+3 School Building On Plot No. 2822183, Al Khawaneej, Dubai	Stress analysis and support design for the chilled water pipes and seismic study for the FLS system	Al Turath Al Aseel Contracting LLC	National Engineering Bureau	Dubai Schools & Knowledge Fund Establishment	Completed
46	Delta Hotel, JBR	Hydraulic study for the complete chilled water network	Al Shirawi Electro-Mechanical LLC		Jumeirah Beach Residence	Completed
47	Redevelopment of Nad Al Sheba Mall	Hydraulic study for the complete chilled water network	Freese	Arif & Bintouk	Nakheel	Completed

48	Warehouse Building B+G+2, Ras Al Khor	Acoustic study of MEP Equipments	Al Futtaim Engineering	Erga Progress	Seddiqi & Sons Investment LLC	Completed
49	Sea Gate-MINA Rashid Mixed Use Commercial Residential Development	Acoustic study of MEP Equipments	United Master	Mirage	EMAAR	Completed
50	Sea Gate-MINA Rashid Mixed Use Commercial Residential Development	Stress analysis and support design for the chilled water pipes	United Master	Mirage	EMAAR	Completed
51	Residential Development, Palm Jumeirah	Stress analysis and support design for the chilled water pipes	Bilt ME	GAJ / Al Hadatha	Serenia Residences Limited	Ongoing
52	2B+G+6 Podiums+ Twin Tower for Mr. Abdulla Ahmed Abdulla Al Moosa-Arenco Twin Tower	Stress analysis and support design for the chilled water pipes	Bilt ME	Arenco	M/s Arenco	Ongoing
53	Al Badia Phase 6 Residential Development	Acoustic study of MEP Equipments	Al Futtaim Engineering	Khatib & Alami	Dubai Festival City LLC	Completed
54	Six Flags, KSA	Stress analysis & support design for the chilled water and fire fighting pipes in the plant room	Saudi Taab	Atkins	Qiddiya	Completed
55	Construction of new hospital at Das Island, ADNOC HQ	Stress analysis and support design for the chilled water pipes	ARCO	ADNOC	ADNOC	Completed
56	Construction of new hospital at Das Island, ADNOC HQ	Seismic study and support design for the fire fighting pipes	Sibca	ADNOC	ADNOC	Completed
57	Red Sea International Airport, KSA	Stress analysis & hydraulic study for the chilled water network	Shapoorji Pallonji Mideast L.L.C.	AECOM	Red Sea Development Company	Completed
58	The Avenue Mall, Riyadh	Stress analysis & support design for the chilled water and fire fighting pipes	Nesma & Partners	EHAF / AECOM	Shomoul Holding Company W.L.L	Completed
59	Chilled water piping network extension to the "S Tower" at Tecom A	Valve chamber design for the district cooling network	Hills & Fort	CDM Smith	EMPOWER	Completed

60	Red Sea, Shura Golf Clubhouse & Villas Saudi Arabia	Stress analysis & support design for the chilled water system. Seismic study and support design for the FLS system	BKG	ATKINS	Red Sea Development Company	Completed
61	Redevelopment of Nad Al Sheba Mall	Seismic study and support design for the FLS system	BKG	Arif & Bint oak	Nakheel	Completed
62	Al Badia Phase 4 Residential Development	Valve chamber design of the CHW pipes	Al Futtaim Engineering	NORR Architects & Engineers	Dubai Festival City LLC	Completed
63	BAPS Hindu Mandir, Abu Dhabi	Stress analysis & support design of chilled water pipes	Bahrain & Emirates Electrical Mechanical Contracting LLC	Capital	BAPS	Completed
64	Exit-10 Development	Acoustic study for the MEP equipments	Al Futtaim Engineering	WME	Saudi Entertainment Ventures (SEVEN)	Completed
65	Exit-10 Development	Hydraulic study for the chilled water & water supply system	Al Futtaim Engineering	WME	Saudi Entertainment Ventures (SEVEN)	Completed
66	Exit-10 Development	Stress analysis & support design of chilled water pipes	Al Futtaim Engineering	WME	Saudi Entertainment Ventures (SEVEN)	Ongoing
67	Redevelopment of Nad Al Sheba Mall	Surge analysis of condenser water system	BKG	Arif & Bint oak	Nakheel	Completed
68	Redevelopment of Nad Al Sheba Mall	Stress analysis & support design of chilled water pipes	BKG	Arif & Bint oak	Nakheel	Completed
69	Khazna Data Center	Seismic study and structural design for the floating floor slab	Dutco	Sudlows Consulting	Khazna	Completed
70	Qiddiya Water Theme Park, KSA	Stress analysis and support design of chilled water pipes	Voltas Limited	Dewan Architects & Engineers	Qiddiya	Completed
71	DMCC District Phase 1 (Atrium)	Seismic study and support design for the fire fighting pipes	Naffco	WSP	Dubai Multi Commodities Centre	Completed

72	4B+UB+G+39+1M+R+UR Residential Building	Seismic study and support design for the FLS system	Al Hamad Group of Companies	APG	WISAL Development DMCC	Completed
73	BAPS Hindu Mandir, Abu Dhabi	Acoustic study of MEP Equipments	Bahrain & Emirates Electrical Mechanical Contracting LLC	Capital	BAPS	Completed
74	Center of Curiosity, Abu Dhabi	Acoustic study of MEP Equipments	ALEMCO	WME	MIRAL	Completed
75	National History Museum, Abu Dhabi	Acoustic study of MEP Equipments	ALEMCO	WME	MIRAL	Completed
76	Warehouse Building B+G+2, Ras Al Khor	Stress analysis and support design of chilled water pipes	Al Futtaim Engineering	Erga Progress	Seddiqi & Sons Investment LLC	Completed
77	HC03- Red Sea Project, KSA	Acoustic study of MEP Equipments	Al Futtaim Engineering	Dar Al Handasa	TRSDC (The Red Sea Development Company)	Completed
78	HC02- Red Sea Project, KSA	Acoustic study of MEP Equipments	Al Futtaim Engineering	Dar Al Handasa	TRSDC (The Red Sea Development Company)	Completed
79	Volante 2 Commercial & Residential Tower	Stress analysis and support design of chilled water pipes	Menasco	Proleed	Volante Limited	Completed
80	Khazna Data Center	Stress analysis and support design of chilled water pipes	BKG	Sudlows Consulting	Khazna	Completed
81	B+G+2P+28 STOREY TOWER	Seismic study and support design for the fire fighting pipes	Prodynamic	Dynamic Consulting Engineers		Completed
82	The Grove- Saadiyat Island Development	Stress analysis and support design of chilled water pipes	ASGC	EHAf / ATKINS	ALDAR	Completed
83	HE02- Red Sea Project, KSA	Stress analysis and support design for the chilled water and water supply pipes, Hydraulic study for the chilled water network	Al Futtaim Engineering	WS Atkins	TRSDC (The Red Sea Development Company)	Completed

84	HC03- Red Sea Project, KSA	Stress analysis and support design for the chilled water and water supply pipes, Hydraulic study for the chilled water network	Al Futtaim Engineering	Dar Al Handasa	TRSDC (The Red Sea Development Company)	Completed
85	HC02- Red Sea Project, KSA	Stress analysis and support design for the chilled water and water supply pipes, Hydraulic study for the chilled water network	Al Futtaim Engineering	Dar Al Handasa	TRSDC (The Red Sea Development Company)	Completed
86	The Peninsula at Business Bay Plot A & E	Seismic study and support design for the fire fighting pipes	Firex	Dubai Consultants	Select Group	Ongoing
87	The Peninsula at Business Bay Plot D	Seismic study and support design for the fire fighting pipes	Aikah	Dubai Consultants	Select Group	Ongoing
88	Center of Curiosity, Abu Dhabi	Seismic study and support design for the FLS services	ALEMCO	WME	MIRAL	Completed
89	National History Museum, Abu Dhabi	Seismic study and support design for the FLS services	ALEMCO	WME	MIRAL	Completed
90	Qiddiya Water Theme Park, KSA	Hydraulic study for the chilled water network	Voltas Limited	Dewan Architects & Engineers	Qiddiya	Completed
91	District Cooling Chilled water network, Business Park District Section 3 Cluster 1 to 4, Dubai South	Stress analysis and thrust block design for the underground chilled water pipes		Mario Associates	Wade Adams	Completed
92	BAPS Hindu Mandir, Abu Dhabi	Seismic study and support design for the FLS system	Bahrain & Emirates Electrical Mechanical Contracting LLC	Capital	BAPS	Completed
93	The Peninsula at Business Bay Plot F	Stress analysis and support design of chilled water pipes	Bilt ME	Dubai Consultants	Select Group	Completed
94	The Peninsula at Business Bay Plot D	Stress analysis and support design of chilled water pipes, seismic study for the LPG pipes	Bilt ME	Dubai Consultants	Select Group	Completed
95	Palace Beach Residence on plot no. 392	Stress analysis and support design of chilled water pipes and seismic study for the cable trays	Bilt ME	Rice Perry Ellis	EMAAR	Completed

96	Dubai Creek Beach	Stress analysis and support design of chilled water pipes	United Masters	SSH	DUBAI CREEK HARBOUR LLC	Completed
97	Madinat Jumeirah Living Phase 3	Stress analysis and support design of chilled water pipes	Saifco	NEXT Engineering Consultants	Madinat Jumeirah Living	Completed
98	Canal Front Residences SAFA- B (CF_05 & CF-06)	Stress analysis and support design of chilled water pipes	Prime star	Ae7	Meydan Group LLC	Completed
99	Dubai Mall ETS Room	Seismic stress analysis and support design of chilled water pipes	Leaders Fort	WSP	EMAAR	Completed
100	Jewel of Creek (JOC) Development Plan Phase 2	Stress analysis and support design of chilled water pipes	Al Arabia Electro-mechanical LLC	GCE Consultants	Dubai International Real Estate	Completed
101	Al Badia Phase 4 Residential Development	Stress analysis and support design of fire fighting pipes	Al Futtaim Engineering	NORR Architects & Engineers	Dubai Festival City LLC	Completed
102	Jood Palace Hotel, Dubai	Seismic stress analysis and support design of chilled water pipes	Al Arabia Electro-mechanical LLC	WSP	Juma Al Majid Holding Group	Completed
103	National History Museum, Abu Dhabi	Stress analysis and support design of chilled water pipes	ALEMCO	WME	MIRAL	Completed
104	Center of Curiosity, Abu Dhabi	Stress analysis and support design of chilled water pipes	ALEMCO	WME	MIRAL	Completed
105	CMW-C20019	Hydraulic analysis for the external chilled water network	House Engineering Contracting LLC	Command of Military Works	Command of Military Works	Completed
106	Sabah Rotana	Stress analysis and support design of chilled water pipes	China Railway 18th Bureau Group	Al Asri Engineering Consultant	Reeva Realty FZ LLC	Completed
107	Canal Front Residences SAFA- B	Stress analysis and support design of chilled water pipes and seismic study for the FLS system & Generator exhaust pipes	Al Shirawi Electro-Mechanical LLC	Ae7	Meydan Group LLC	Completed

108	B+G+1+4P+23 TYP+R Hotel Building on Plot No. 3473902 at Al Merkadah, Dubai	Stress analysis and support design of chilled water pipes	ITQAN	Nasser Maktoum Mohammed Amer Alsheraifi	Nasser Maktoum Mohammed Amer Alsheraifi	Completed
109	Canal Front Residences SAFA- A	Stress analysis and support design of chilled water pipes and seismic study for the FLS system	Al Shirawi Electro-Mechanical LLC	Ae7	Meydan Group LLC	Completed
110	HATTA PSHPP Project	Hydraulic study of chilled water network & ESP calculations for MEP equipments	Voltas Limited	EDF	Government Of Dubai	Completed
111	Khazna Data Center- DXB2	Stress analysis and support design of chilled water pipes	Specialist Services	Black & White Engg: BG&E Engineers	Khazna	Completed
112	Jaber Obaid Al Mansouri Building at Al Raha Beach	Floating floor design for the FAHU	Al Sweidi & SHAMS Contracting LLC	AL Ain Consulting Engineers LLC	Mr. Jaber Obaid Al Mansouri	Completed
113	Red Sea Pod Villas	Acoustic study for the MEP equipments	Al Futtaim Engineering	WS Atkins	TRSDC (The Red Sea Development Company)	Completed
114	SABIC Main Building	Hydraulic study for the chilled water network	Shapoorji Pallonji Mideast L.L.C.		SABIC	Completed
115	Residential Building Beach Front Tower (1B+G+36F+TC)	Stress analysis and support design of fire fighting & water supply pipes	Elemec	North 25	Central Dubai Projects LLC	Completed
116	Sort & Clearance Facility in the Logistic District of Dubai South	Seismic study and support design for the MEP system (Chilled water system, Water supply system, Fire fighting network, Electrical cables and equipments etc	AZEMCO	Planquadrat	Dubai South	Completed
117	Universal American School Cafeteria	Stress analysis & thrust block design for the underground chilled water pipes	Al Futtaim Engineering	IAN Binhams & Associates	Dubai Festival City LLC	Completed
118	Al Shubaily Mall MCP, KSA	Structural design for the HVAC modular system	Daikin ME & Africa FZE		Al Shubaily Mall	Completed
119	Al Shubaily Mall MCP, KSA	Hydraulic study, stress analysis and support design for the chilled water & condenser water network	Daikin ME & Africa FZE		Al Shubaily Mall	Completed

120	Majnoon Sour Gas Treatment Facility	Vibration analysis for the Gas Pipeline	China Petroleum Engg & Constr Corporation	Basra Oil Company	Basra Oil Company	Completed
121	SIA Building	Seismic study and support design for the fire fighting pipes	Al Hamad Group of Companies	Parsons / ADPI	Sharjah Airport Authority	Completed
122	EMAAR Downtown Development Fouquet's downtown ETS Room	Stress analysis and support design of chilled water pipes	Jord Industries	Allied Consultants	EMMAR	Completed
123	Amazon MCP	Hydraulic study for the chilled water & condenser water network	Daikin ME & Africa FZE		Amazon	Completed
124	Hyatt Centric Hotel	Stress analysis for the CHW pipes and acoustic study of MEP equipments	Construction & Building Engg LLC	Afamia Engineering Consultants	WASL LLC	Completed
125	NOON Logistic Hub Riyadh	Acoustic study for MEP equipments	Saudi Amana Contracting Co. LLC	HCO	NOON	Completed
126	JVT Hotel	Stress analysis and support design of chilled water pipes	Pro Dynamic	Dynamic Engineering Consultants (DEC)	Urban Wellness Real Estate Development	Completed
127	Vida Hotel & Residences Dubai Marina Yacht Club	Structural analysis of cooling tower structure	ASU	Ramboll	EMAAR	Completed
128	Sarah Al Emarat Tower	Stress analysis and support design for condenser water pipes	SMITHLINE REINFORCED COMPOSITES FZC	Trillium Engineering	Shk: Abdulla Mohd Al Qasimi	Completed
129	Collective Tower	Seismic study and restraint design for the water supply and drainage pipes	GINCO	Rice Perry Ellis	Dubai Hills Estate LLC	Completed
130	Al Badia Phase 4 Residential Development	Stress analysis and support design of chilled water pipes	Al Futtaim Engineering	NORR Architects & Engineers	Dubai Festival City LLC	Completed
131	Inter Continental Residence Suites	Stress analysis and support design of chilled water pipes, water supply pipes	BK Gulf	Kling Consult GmbH	Al Ali Property Investment	Completed

132	Arcadia School	Stress analysis and support design of chilled water pipes	Al Madaen Electromechanical Works LLC	GAJ Middle East Architectural Consultants	Blue Rose Property Investment LTD	Completed
133	Process Piping for Oman Sugar Refinery	Stress analysis and support design for potable water pipes	SMITHLINE REINFORCED COMPOSITES FZC	Oman Sugar Factory	Oman Sugar Factory	Completed
134	Five Luxe	Stress analysis and support design of chilled water pipes	ETTS	Ae7	WASL Asset Management Group	Completed
135	BOROUGE	FEA for the strainers	C.A.T. Group, Abu Dhabi	ADNOC	ADNOC	Completed
136	Burj Crown - Downtown Dubai	Seismic study and support design for the FLS system	Bilt Middle East	Dubai Consultants	EMAAR	Completed
137	4B+UB+G+39+1M+R+UR Residential Building	Seismic study, stress analysis and restraint design for the chilled water pipes	Al Hamad Group of Companies	APG	WISAL Development DMCC	Completed
138	DEWA HQ	Stress analysis and support design of water supply pipes	Voltas Limited	ATKINS	DEWA	Completed
139	AHAD Tower	Stress analysis and support design of water supply pipes	Evan Lim Penta Construction Co.	VX	Ahad Real Estate Investment	Completed
140	WASL Tower	Seismic study and restraint design for the fire fighting and LPG pipes	Bilt Middle East	SEED Engineering Consultants	WASL Asset Management Group	Completed
141	WASL Tower	Seismic study and restraint design for the chilled water pipes	Bilt Middle East	SEED Engineering Consultants	WASL Asset Management Group	Completed
142	Beach Isle Beach Resort at Dubai Harbour Development	Seismic study and restraint design for the fire fighting pipes	Bilt Middle East	Mirage Leisure & Development LLC	EMAAR	Completed
143	Sea Water Pre-treatment Pilot System, Al Khobar KSA	Design & Engineering of Saline water pumping system	Dominion LLC	Nanostone Water INC	SWCC	Completed

144	WASL Tower	CFD analysis for the smoke extraxt duct and ball room area	Bilt Middle East	SEED Engineering Consultants	WASL Asset Management Group	Completed
145	WASL Tower	Seismic study for the HVAC Equipments	Bilt Middle East	SEED Engineering Consultants	WASL Asset Management Group	Completed
146	WASL Tower	Seismic study, stress analys and support design for the chilled water pipes	Bilt Middle East	SEED Engineering Consultants	WASL Asset Management Group	Completed
147	Bahrain New Exhibition & Convention Centre	Surge analysis for the chilled water network	Kartec Services SPC	Tilke Engineering & Architects	Bahrain Tourism & Exhibitions Authority	Completed
148	Bahrain New Exhibition & Convention Centre	Stress analysis & support design for the chilled water pipes	Kartec Services SPC	Tilke Engineering & Architects	Bahrain Tourism & Exhibitions Authority	Completed
149	Construction of NEST Student Accommodation, Al Jada, Sharjah	Acoustic study of MEP Equipments	GECO	MIMAR	Al Jada	Completed
150	CIEL Tower, Dubai Marina	Seismic study & restraint design of fire fighting pipes	Al Arabia Electro Mechanical L.L.C	NORR Architects & Engineers	The First Group	Completed
151	Etihad Rail Stage 2&3	Seismic study, stress analysis and support design of chilled water pipes	Al-Futtaim Engineering	Jacobs	Etihad Rail	Completed
152	Etihad Rail Stage 2&3	Seismic study, stress analysis and support design of fire fighting pipes	Al-Futtaim Engineering	Jacobs	Etihad Rail	Completed
153	Creek Edge	Acoustic stdy for MEP Equipments	Saifco Electromechanical LLC	U+A	EMAAR	Completed
154	Creek Edge	Stress analysis for the chilled water pipes and support design	Saifco Electromechanical LLC	U+A	EMAAR	Completed
155	DEWA HQ	Stress analysis and support design of chilled and condenser water pipes	Voltas Limited	ATKINS	DEWA	Completed

156	DMCC District Phase 1	Stress analysis for the chilled water pipes and support design	Six-Voltas JV	WSP	Dubai Multi Commodities Centre	Completed
157	DMCC District Phase 1	Seismic study and support design for the fire fighting pipes	Naffco	WSP	Dubai Multi Commodities Centre	Completed
158	DMCC District Phase 1	Seismic study and support design for electrical bus bars	Voltas-Six JV	WSP	Dubai Multi Commodities Centre	Completed
159	DEWA HQ	Acoustic and Vibration Study of MEP Equipments	Voltas Limited	ATKINS	DEWA	Completed
160	Souq Al Jubail Al Dhaid	Stress analysis and support design for the chilled water pipes	GECO	Khatib & Alami	Government Of Sharjah	Completed
161	15 North Side Proposed 2B+G+M+2P+HC+21F+LR+UR	Stress analysis and support design for the chilled water pipes	Al Madaen Electromechanical Works LLC	NEB	Select Group	Completed
162	Construction of Chilled Water Piping Network Phase 6, DLRC	Valve chamber design for the under ground chilled water pipes	Hills & Fort	Khatib & Alami	EMPOWER	Completed
163	Beach Isle Beach Resort at Dubai Harbour Development	Seismic study and restraint design for the electrical services	Bilt Middle East	Mirage Leisure & Development LLC	EMAAR	Completed
164	DEWA HQ	Stress analysis and support design for the fire fighting pipes	Firex	ATKINS	DEWA	Completed
165	Marsa Al Arab	Stress analysis & support design for Under ground chilled water pipes	ASGC	Ramboll	DUBAI HOLDING	Completed
166	Urban Oasis Tower at Business Bay	Acoustic study for the HVAC Equipments	Saifco Electromechanical LLC	LACASA Architectural Consultants	Dar Al Arkan	Completed
167	Grand Bleu	Stress analysis and support design for the chilled, Fire fighting and water supply system	Conversion Electromechanical LLC	Mirage Leisure & Development LLC	EMAAR	Completed

168	B4 Residential Towers, Opera District Downtown	Stress analysis and support design for the Generator exhaust pipes	Naffco	WSP	EMAAR	Completed
169	Replacement of underground HDPE line to GRP at L station, DEWA	Stress analysis and support design of the GRP fire fighting pipes	SMITHLINE REINFORCED COMPOSITES FZC	DEWA	DEWA	Completed
170	Replacement of underground HDPE line to GRP at L station, DEWA	Hydraulic study for the GRP fire fighting pipes	SMITHLINE REINFORCED COMPOSITES FZC	DEWA	DEWA	Completed
171	B4 Residential Towers, Opera District Downtown	Stress analysis and support design for the water supply pipes.	China State Engineering & Contracting Co	WSP	EMAAR	Completed
172	Private Residences Dubai	Stress analysis and support design of the chilled water pipes	Bilt Middle East	IAN Binhams & Associates	Private Residences Dubai LLC	Completed
173	Burj Crown - Downtown Dubai	Seismic study, stress analysis and support design for the chilled water pipes	Bilt Middle East	Dubai Consultants	EMAAR	Completed
174	The DCH Palace - Residences (Island Plot 14)	Stress analysis and support design of chilled water pipes	Al Shafar United	GAJ Middle East Architectural Consultants	The Lagoons Phase 1 LLC, Dubai	Completed
175	DEWA HQ	Acoustic and Vibration Study of Plumbing Equipments	Voltas Limited	ATKINS	DEWA	Completed
176	University of Birmingham	Stress analysis and support design of Chilled water and water supply pipes. Seismic study and restraint design of all MEP services including Fire fighting pipes	BK Gulf	IAN Binhams & Associates	TECOM Group	Completed
177	Marassi Mall, Bahrain	Thermal expansion study and support design of generator exhaust pipes	Shapoorji Pallonji Mideast LLC.	PACE / PARSONS	Diyar, Bahrain	Completed
178	Madinat Jumeirah Living Phase 2	Thermal expansion study of chilled water & water supply pipes	Saifco Electromechanical LLC	NEXT Engineering Consultants	Madinat Jumeirah Living	Completed
179	Grand Marina Intercontinental Hotel	Stress analysis and support design for the chilled water, water supply and fire fighting pipes	Verger Delporte UAE LTD	Consulting Engineers LLC	National Corporation for Tourism & Hotel	Completed

180	TANK T 722, DHARAN BULK PLANT, KSA	Design & Engineering calculations of storage tank nozzles	Salamah Consulting Engineers	SAUDI ARAMCO	SAUDI ARAMCO	Completed
181	Beach Isle Beach Resort at Dubai Harbour Development	Seismic study, stress analysis and support design for the chilled water pipes	Bilt Middle East	Mirage Leisure & Development LLC	EMAAR	Completed
182	Underground dry utilities	Lifting study of electrical manhole	Hills & Fort	ACE	Dubai Municipality	Completed
183	Underground dry utilities	Lifting study of electrical manhole	Kinden Corporation	ACE	Dubai Municipality	Completed
184	SeaWorld, Abu Dhabi	Structural design for medical equipments	VAMED	AECOM Middle East Limited	Miral	Completed
185	Heliport Terminal, EXPO 2020	Acoustic study for the HVAC indoor units	Golden Oasis	FM Ingegnaria	EXPO 2020 Dubai	Completed
186	Dubai Hills Mall Car Park	Seismic study and support design of fire fighting pipes	ALEC Engineering & Contracting L.L.C	Arcadia	EMAAR	Completed
187	Deira Waterfront Development Plot 12	Thermal expansion study and support design of generator exhaust pipes	Trinity Engineering Services LLC	Ae7	Deira Waterfront Development LLC	Completed
188	Chilled water piping network connection to KIFAF Development at DIFC	Structural design of external chilled water valve chambers	Hills & Fort	CDM Smith	EMPOWER	Completed
189	DMCC District Phase 1	Structural calculations of MEP support	Voltas Limited	WSP	Dubai Multi Commodities Centre	Completed
190	Dubai International Airport Expansion Phase 3	Stress analysis and support design for the SS316 drainage pipes	Al Naboodah MEP LLC	DAR	Dubai Aviation Engineering Projects	Completed
191	Time Out Market Main, Dubai Mall	Stress analysis and support design for the chilled water pipes	IWIN / Dutco	WSP	EMAAR	Completed

192	Bio gas plant in Al Warsan Sewage Treatment Plant	3D Modelling and Detailed engineering	Teemco / Ali & Sons	Veolia Energy Gulf WLL	Dubai Municipality	Completed
193	H2B One Central Hotel	Thermal expansion study and support design of generator exhaust pipes	Al-Futtaim Engineering	WSP	Dubai World Trade Centre	Completed
194	Deira Waterfront Development Plot 12	Stress analysis and support design for the chilled water pipes	Trinity Engineering Services LLC	Ae7	Deira Waterfront Development LLC	Completed
195	Emirates Hospital	Stress analysis and support design for the water supply pipes	Saifco Electromechanical LLC	Al Hashemi P.A, E / Green Concept Engineer Consultant	Al Sheikha Rawda Bint Ahmed Bin Juma Al Maktoum	Completed
196	Marsa Al Arab	Seismic study and support design for the fire fighting pipes	ASGC	Ramboll	DUBAI HOLDING	Completed
197	Dubai Creek Beach Dubai Creek Harbour Development	Stress analysis and support design of chilled water pipes	United Masters	SSH	EMAAR	Completed
198	Qaryat Al Hidd Development	Stress analysis and support design of chilled water pipes	Shapoorji Pallonji Mideast L.L.C.	Khatib & Alami	Al Sadiyat Development Investment Co.	Completed
199	Burj Royale Plot g7 Dubai Downtown	Stress analysis and support design of chilled water pipes	Menasco Mech. Contracting	WME	EMAAR	Completed
200	Vida Dubai Mall	Stress analysis and support design for chilled water pipes	Shapoorji Pallonji Mideast L.L.C.	WSP	EMAAR	Completed
201	Marsa Al Arab	Stress analysis and support design for chilled water pipes	Al Shafer United	WS Atkins & Partners Overseas	DUBAI HOLDING	Completed
202	B+G+11Typ+R The Pulse Mixed Use Project Residential City Dubai South , Parcel 04	Pipe stress analysis and support design for the chilled water pipes	Aa Qabdah Global Building Contracting LLC	WS Atkins & Partners Overseas	Dubai South	Completed
203	Kifaf Development Phase 2	Stress analysis and support design for the chilled water pipes	Shinryo Corporation	WS Atkins & Partners Overseas	KIFAF Real Estate Development	Completed

204	The Pulse Mixed Use Project at Residential City, Dubai South	Stress analysis and support design for the chilled water pipes	Electrofos	WS Atkins & Partners Overseas	DUBAI South	Completed
205	TECOM PT233/1 Offices and Lab Building at Dubai Science Park	Stress analysis and support design for the water supply pipes	Al Madaen Electromechanical Works LLC	Khatib & Alami	TECOM Group	Completed
206	New Private Villa	Acoustic study for HVAC system	Al Ryum Contracting & General Transport LLC	Al Gurg Consultants	Private Villa Development	Completed
207	Khalifa City Mall	Seismic study and support design for Fire, Life and Safety systems	Shapoorji Pallonji Mideast L.L.C.	NEB Engineering Consultant	Line Investment & Property LLC	Completed
208	Al Maktoum International Airport	Stress analysis and support design of chilled water pipes	Al Naboodah MEP LLC	Dar Al Handasah	DAEP	Completed
209	C15- Opportunity Pavillion, EXPO Dubai	Acoustic and Vibration Study of MEP Equipments	Al Shafar General Contracting	e-construct	EXPO Dubai 2020 llc	Completed
210	C15- Opportunity Pavillion, EXPO Dubai	Acoustic and Vibration Study of MEP Equipments	Al Shafar General Contracting	e-construct	EXPO Dubai 2020 llc	Completed
211	B+G+11+R The Pulse Mixed Use Project at Residential City, Dubai South	Stress analysis and support design of chilled water pipes	Adeeb	WS Atkins & Partners Overseas	Dubai South	Completed
212	B4 Residential Towers, Opera District Downtown	Surge analysis and recommendations for the chilled water system.	China State Engineering & Contracting Co	WSP	EMAAR	Completed
213	Mobility Pavilion, EXPO 2020	Accessplatform design and preparation of detailed drawings. Mobility Pavilion, EXPO 2020	ALEC Engineering & Contracting L.L.C	WSP	EMAAR	Completed
214	Warner Bros Hotel	Seismic study and restraint design for FLS System	Shapoorji Pallonji Mideast L.L.C.	GAJ Middle East Architectural Consultants	Miral	Completed
215	G+5P+HC+SERVICE+32TYP+ROOF	Stress analysis and support design of the chilled water network-	Al Manolya Contracting Company	Sharjah Engineering Consultants		Completed

216	Najmat Phase 3 Infrastructure works	Stress analysis and support design of the underground chilled water network	C.A.T. Group, Abu Dhabi	Rafik El- Khoury & Partners	REEM Developers	Completed
217	P 42 Umm Ramool Development	Pipe Stress analysis, support design, Surge analysis & hydraulic study for the district cooling chilled water network	International Electro-mechanical Services Co. LLC (IEMS)	P & T Architects and Engineers LTD	DUBAI COMMERCITY	Completed
218	Ecoplex District Cooling Plant	Pipe Stress analysis and support design for the chilled water and condenser water pipes	Al Marwan Electro-Mechanical LLC	Fittons / AMEC	The Ecoplex	Completed
219	Khalifa City Mall	Pipe Stress analysis and support design for the condenser water pipes- Khalifa City Mall	Shapoorji Pallonji Mideast L.L.C.	NEB	Line Investment & Property LLC	Completed
220	P 42 Umm Ramool Development	Seismic analysis and support design for electrical equipments, cable trays and fire protection system	International Electro-mechanical Services Co. LLC (IEMS)	P & T Architects and Engineers LTD	DUBAI COMMERCITY	Completed
221	Fujairah International Airport Expansion Programme	Stress analysis and support design for above ground and under ground chilled water pipes	VOLTAS LIMITED	Development Research & Urban Planning Consultants	Abu Dhabi Airports and Fujairah International Airport	Completed
222	VERA Residence	Stress analysis and support design for chilled water pipes	MBM	Engineering Consortium Consulting Engineers	DAMAC	Completed
223	Sunrise Bay at EMAAR Beachfront	Stress analysis and support design for chilled water pipes	REMCO	Rice Perry Ellis	EMAAR	Completed
224	Luxemboug Pavilion	Stress analysis and support design for chilled water pipes	Lunar	WME	Le Government	Completed
225	Tiara Towers	Stress analysis and support design for chilled water pipes- Tiara Towers	Al Shirawi	ADPI	Tiara United Towers	Completed
226	GRP Pipes Flush Header Pipes , DEWA	Stress analysis and support design for GRP Flush header pipes- DEWA	SMITHLINE REINFORCED COMPOSITES FZC	DEWA	DEWA	Completed
227	Plot C5 Al Reem	Seismic study and support design for chilled water pipes and water supply pipes	Voltas	KEO	Wafra Real Estate Company	Completed

228	Icon Bay	Stress analysis and support design for chilled water pipes	United Masters	WME	EMAAR	Completed
229	Advanced Military Maintenance Repair and Overhaul Center	Stress analysis and support design for chilled water pipes	Efeco	WSP	AMMROC	Completed
230	Strategic Tunnel Enhancement Programme	Seismic analysis and support design for the fire rated ducts	Envicon	MOTT MACDONALD	ADSSC (Abu Dhabi Sewerage Services Company)	Completed
231	B4 Residential Towers, Opera District Downtown	Stress analysis and support design for chilled water pipes	CHINA STATE CONSTRUCTION ENGRG. CORP. (MIDDLE EAST) (L. LC)	WME	EMAAR	Completed
232	Dubai World Trade Centre District Phase 1A5	Stress analysis for chilled water pipes	VOLTAS LIMITED	WSP/Hopkins Architect Dubai	Dubai World Trade Centre	Completed
233	MERAAS Development Project	Pipe Stress Analysis as per ASME 31.4 for Buried lines and 31.9 for above ground CHW and CW lines	HEYDON ELECTROMECHANICAL LLC	W S Atkins & Partners Overseas	MERAAS Development	Completed
234	District cooling network for JVC and JVT	Pipe Stress Analysis for Chilled Water Service Pipe Lines for Jumeirah Village Circle (JVC) Phase 1, Phase 2, Phase 3 and Jumeirah Village Triangle (JVT) Phase 1, Phase 2, Phase 3	ISLAND TOWER ELECTRO MECHANICAL WORKS LLC		EMPOWER	Completed
235	Dubai Festival City	Pipe Stress Analysis for Chilled Water Service Pipe Lines for District Cooling Connections to Holiday Inn Hotel, Lexus Building & ETS Room at Zone 14A at DFC Dubai	AL-FUTTAIM ENGINEERING	Fittons Consulting	Al Futtaim Group Real Estate	Completed
236	Private Resort at Jumeirah Island-2	Pipe stress analysis and support design for chilled water pipes	BINLADIN CONTRACTING GROUP	ARC INTERNATIONAL ENGINEERING CONSULTANTS	H.H. Sheikh Hamdan Bin Rashid Al Maktoum	Completed
237	Jebel Ali Power Station M-Extension	Pipe stress analysis for GRP pipes	SMITHLINE REINFORCED COMPOSITES FZC	MOTT MACDONALD	DEWA	Completed
238	City Centre Ajman Expansion Project	Pipe Stress Analysis and support design for Roof Floor& Riser Chilled Water Pipe Lines	Trans Gulf	WSP	Majid Al Futtaim Properties LLC	Completed
239	Specialized Rehabilitation Hospital-Abu Dhabi	Pipe Stress Analysis for Chilled Water Pipe Lines for Specialized Rehabilitation Hospital	Trans Gulf	HOARE LEA	Abu Dhabi Capital Group	Completed

240	VVIP Villa at Al-Mina Palace Project Phase 1 and 2	Pipe Stress Analysis for Chilled Water Piping Network	Efecco	WS Atkins & Partners Overseas	Crown Prince Hotel	Completed
241	MAI Dubai Factory Expansion Project	Pipe Stress Analysis for Chilled Water Piping Network for MAI Dubai Factory Expansion Project	AMANA	ARCHCORP ARCHITECTURAL ENGINEERING	MAI DUBAI	Completed
242	CEN Expansion & Engineering Sciences Building Project	Pipe Flexibility Analysis for Chilled Water Pipe Lines	SAUDI BINLADIN GROUP	HIDI/archcorp	American University of Sharjah	Completed
243	Dubai Arena	Pipe Flexibility Analysis for Chilled Water Pipe Lines	ASGC	Populous	Meras	Completed
244	CEN Expansion & Engineering Sciences Building Project	Seismic Analysis of SRP Pipe & Structural Evaluation	SAUDI BINLADIN GROUP	HIDI/archcorp	American University of Sharjah	Completed
245	Amity International School – Phase 2	Chilled water pipe stress analysis and thrust block design for UG network	Bahrain & Emirates Electrical Mechanical Contracting LLC	Dewan Architects & Engineers	Amity International School	Completed
246	Seismic & RS analysis for Baba Atomic Research Centre	LBE Piping Support Design & FEA Validation	VTPL India	AAPL India	BARC India	Completed
247	Harmonic and seismic excitation for Institute of Plasma Research Govt of India	Piping flexibility and dynamic analysis	VTPL India	AAPL India	IPR India	Completed
248	Qasr Al Hasn External Piping and ETS room	Chilled water pipe stress analysis and support design	CAT Contracting & Trading Co.	Tabreed National Central Cooling Co	Tabreed National Central Cooling Co	Completed
249	Dubai Creek Harbour Development Plot 18A, Creekside 18	Chilled water pipe stress analysis and support design	EFECO	DAR	EMAAR	Completed
250	SOHAR 3 IPP	Pipe flexibility analysis for GRP Pipes	Al Sidrah Oil & Gas LLC	SEPCOIII Electric Power Construction Corporation	Shinas Generating Company SAOC	Completed
251	Park Heights 1 & 2	Chilled water pipe stress analysis and support design	Shapoorji Pallonji Mideast L.L.C.	Khatib & Alami	EMAAR Properties PJSC	Completed

252	Sustainability Pavilion, EXPO 2020	Chilled water pipe stress analysis and support design	Al Shafar General Contracting	Grimshaw	EMAAR Properties PJSC	Completed
253	PN1502-EXPO Village Development - Main works for Parcel 10&11	Pipe stress analysis and support design for the chilled water and water supply pipes	Al Arabia Electro Mechanical L.L.C	KEO	Dubai World Trade Centre LLC	Completed
254	Dubai Creek Harbour - Creek Horizon Plot 19A	Pipe stress analysis and support design for the chilled water pipes	EFECO	SSHIC International Engineering Consultant	EMAAR	Completed
255	One Central Phase 1A7, H2B Hotel	Seismic study, stress analysis and support design for the chilled water and fire fighting pipes	Al Futtaim Engineering	WSP	Dubai World Trade Centre	Completed
256	Deira Waterfront Development Plot 11 & plot 13	Pipe stress analysis and support design for the chilled water pipes	DCE	AE7	Deira Waterfront Development LLC	Completed
257	Downtown Dubai Chilled water network Modification	UG Chilled water pipe stress analysis and valve chamber design	Island Tower Electromechanical LLC	Allied Consultants	EMAAR	Completed
258	COEX Campus, EXPO 2020	COEX CAMPUS(EAST & WEST)	VOLTAS	Aurecon	EMAAR Properties PJSC	Completed
259	Kifaf Development Phase 1	Pipe stress analysis and support design for the chilled water pipes	Bin Lahej Electromechanical LLC	ARCHGROUP	Al Kifafa Real Estate Development LLC	Completed
260	Jumeirah Gate	Chilled water pipe support design	BILT	WSP		Completed
261	Big Box Retail	Pipe stress analysis and support design for the chilled water pipes	Al Futtaim Engineering	BSBG	Al Futtaim Retail Park LLC	Completed
262	Deira Waterfront Development	Pipe stress analysis and support design for the chilled water pipes	Beaver Gulf	AE7	Deira Waterfront Development LLC	Completed
263	EXPO 2020-Mobility Pavilion	Pipe stress analysis and support design for the chilled water, water supply and fire fighting pipes	ALEC Engineering & Contracting L.L.C	WSP	EMAAR Properties PJSC	Completed

264	Proposed Building (G+5P+HC+43Typ+1Service+Roof) AL MAMZAR, SHARJAH	Pipe stress analysis and support design for the condenser water pipes	SMITHLINE REINFORCED COMPOSITES FZC	Sharjah Engineering Consultants	Sheikh Mohammed Bin Abdullah Al Qasmy	Completed
265	Rochester Institute of Technology (RIT) Campus	Pipe stress analysis and support design for the UG chilled water network	Sobha Engineering & Contracting	ZAS Developers	Dubai Silicon Oasis Authority	Completed
266	Grand Hyatt- The Regent Emirates Pearl Hotel	Pipe stress analysis and support validation for the PPR water supply Pipes	VOLTAS Limited	Dennis Lems Architects Associates	Emirates Pearl for Development & Investment LLC	Completed
267	Shopping Mall (2B+GR+1+Service Roof)	Pipe stress analysis and support design for the condenser water pipes	SMITHLINE REINFORCED COMPOSITES FZC Composite	archdome	Mr. Badr Abdulla Ismailal Mutawa	Completed
268	Enhancement Main Potable Waterline at Abu Dhabi Airport	Pipe stress analysis and support validation for the water supply network	Techno Smart Contracting & General Maintenance	Abu Dhabi Airport Company	Abu Dhabi Airport Company	Completed
269	Design & Construction Khawaneej, Phase 3	Pipe stress analysis and support design for the chilled water pipes	Engineering Office Construction Department	EO	MERAAS	Completed
270	Meydan One Mall	Pipe stress analysis and support design for the chilled water pipes	MS Construction	ae7	MEYDAN	Completed
271	Deira Waterfront Development	Pipe stress analysis and support design for the chilled water pipes	DCE	ae7	Deira Waterfront Development LLC	Completed
272	Creek Gate	Pipe stress analysis and support design for the chilled water pipes	Trinity Engineering Services LLC	NORR Architects & Engineers	The Lagoons Phase 1	Completed
273	The Bridges, Phase 1 & 2 Abu Dhabi	Pipe stress analysis and support design for the chilled water pipes	MAPCO L.L.C.	AECOM Middle East Limited	ALDAR Properties PJSC	Completed
274	Ruwais Housing Complex Expansion	Acoustic study and vibration analysis of MEP equipments	Al Ryum Contracting & General Transport LLC	ADNOC	ADNOC	Completed
275	Downtown Views II	Pipe stress analysis and support design for the chilled water pipes	China State Engineering & Contracting Co	ARCHGROUP	EMAAR	Completed

276	Dubai Hills Estate	Stress analysis and support design for generator exhaust pipes	Shapoorji Pallonji Mideast L.L.C.	Design & Architecture bureau   DAR	Dubai Hills Estate LLC	Completed
277	Vida Hotel & Residences Dubai Marina Yacht Club	Pipe stress analysis and support design for the chilled water pipes	Al Shafar United	WME	EMAAR	Completed
278	EXPO 2020-Mobility Pavilion	Structural validation study for the skylight RAHUs and Fans	ALEC Engineering & Contracting L.L.C	WSP	EMAAR	Completed
279	EXPO 2020-Mobility Pavilion	Structural design for the MEP equipments	ALEC Engineering & Contracting L.L.C	WSP	EMAAR	Completed
280	Al Falah Plaza Residential Complex	Pipe stress analysis and thrust block design for the UG chilled water network	Freiberg General Contracting	Al Amara Al Shaqia	Al Falah Plaza	Completed
281	COEX Campus, EXPO 2020	Structural validation study for the roof mounted axial fans	VOLTAS Limited	Aurecon	Dubai World Trade Centre	Completed
282	Address Harbour Point Dubai Creek Harbour Plot A.005	Pipe stress analysis and support design for the chilled water pipes	International Electro-mechanical Services Co. LLC	KEO International Consultants	EMAAR Properties	Completed
283	Nakhali Lodges	Pipe stress analysis and support design for the chilled water pipes	Khansaheb	EO	MERASS	Completed
284	Address Residences Dubai Opera- A2A3 Towers	Pipe stress analysis and support design for the water supply pipes	EFECO	Khatib & Alami	EMAAR Properties	Completed
285	Address Residences Dubai Opera- A2A3 Towers	Surge analysis and recommendations for the water supply system.	EFECO	Khatib & Alami	EMAAR Properties	Completed
286	Warner Bros Hotel and Apartments	Pipe stress analysis and thrust block design for the UG chilled water network	Taurus General Contracting	Tabreed National Central Cooling Co	Tabreed National Central Cooling Co	Completed
287	Marassi Mall, Bahrain	Stress analysis and support design for the chilled water pipes	Shapoorji Pallonji Mideast L.L.C.	PACE / PARSONS	Diyar, Bahrain	Completed

288	G+5P+32TYP Floor Building	Stress analysis and support design for the chilled water pipes	Al Mawarid Electro-mechanical LLC	Sharjah Engineering Consultants		Completed
289	RO Pipe Line, DEWA	Stress analysis and support design for the RO water linei	SMITHLINE REINFORCED COMPOSITES FZC	DEWA	DEWA	Completed
