This will address any hidden issues in the house.

MOVE IN!

You did it! Welcome to your new home!

BUY OR SELL FIRST

Each situation is unique, and several factors need to be looked at to determine which option is right for you. Here are some things to consider with each.

BUY FIRST

Works best when

There is a lot of competition in the market and property prices are rising

You're confident there will be a high level of demand for your existing property

You can negotiate or make it conditional on selling your own home

You're prepared to accept an offer that lets you move on or pay bridging finance.

SELL FIRST

Works best when:

Property prices are flat or declining

if you want greater certainty about how much you have to spend on your next home

If you're moving locations and buying in a different and slower market

If you can negotiate a long settlement or know that you'll be able to find something that suits your requirements.

P R E - A P P R O V A L

Getting a pre-approval is one of the best things you can do to simplify the process and give yourself more confidence in your buying power. Here's what you can expect from the process.

YOUR CREDIT SCORE

Knowing your credit score will help lenders decide if you're a good candidate for a loan. The higher your credit the better.

YOUR EMPLOYMENT HISTORY

Lenders want to make sure you can regularly make mortgage payments, with no major gaps in income.

THREE

YOUR ASSETS AND DEBTS

Lenders want to know your debtto-income ratio to know if you can make each loan payment with the income you earn.

WHAT KIND OF HOME DO YOU WANT?

Are you interested in singlefamily, condo or townhome? Do some research of what types of homes offer what that will help narrow down your search area.

CONSIDER YOUR COMMUTE

Do you need a car to get to work? Are you going to be taking transit? Do a test run before committing to a certain area.

Older neighborhoods are great for their charm and character, but often older homes require more repairs, newer developments have modern finishes and less repairs needed.

CHOOSING A HOME

COMMUNITY

What would you like to see in your new community? Is it more coffee shops? Events? Closer to the water? Whatever it is write it down and choose areas that have those features.

WALKSCORE

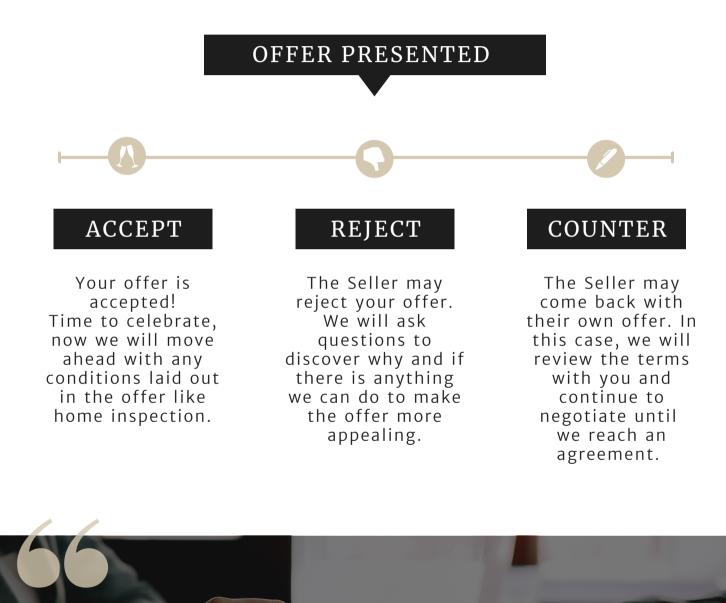

How important is it to you to be walking distance to things like schools, shopping and groceries? Think of what you want or need to be close to.

MUST NOT HAVE

Everyone has wants but have you considered the things you don't want? If you hate noise you might want to steer clear of the college area for example.

FAQ'S

HOW MUCH DO I NEED TO PAY YOU?

There are some rare exceptions, but generally, buyer agents do charge a fee, and the fee is often paid by the seller. So as a buyer, you will almost never pay a commission fee. If the seller does not pay the fee it will be the responsibility of buyer.

WHY DO I NEED A BUYER AGENT?

It's in your best interest to have representation. The Listing Agent is working in the best interest of the seller which means you need someone on your side to make sure you get the best possible deal.

HOW LONG DOES THE PROCESS TAKE?

Finding the right home can take weeks to months depending on your timeline and needs. Once we find a home you like, the offer can be accepted within days and the closing is typically 1-3 months, which means you could be moved into your new home in a few short months.
