FROM  
22<sup>ND</sup> MARCH,  
2021

# Maintenance products

SKF offers complete range of maintenance products to support customers to reduce their premature failures of bearing and hence, to achieve maximum bearing service life. SKF's range of maintenance products include pullers, fitting tools, heaters, instruments, lubricants, lubricators and oil injection.

SKF maintenance products are designed specifically for bearing users regardless of your bearing size, type and application. With the use of SKF maintenance products, customers can aim to reduce premature failure of bearing resulting from poor fitting, lubrication, contamination and fatigue. Use of the right SKF maintenance tools also enhances the safety of machines and operators and at same time improves the productivity and reliability of the operations.

## Bearing heaters

The comprehensive SKF induction heater range can be used for efficiently heating bearings and workpieces, both large and small. Their innovative design offers significant advantages to both owners and operators.

## SYSTEM 24

### Single point automatic lubrication

The SKF SYSTEM 24 is a single point automatic lubrication system that continuously delivers precisely measured amounts of lubricant to desired points via a gas-driven pump. SKF SYSTEM 24 units are ready-to-use straight from the box which are filled with a wide range of high quality SKF lubricants. Tool-free activation and time setting allows easy and accurate adjustment of automatic lubrication flow.

## Grease guns

### Easy grease filling

The SKF grease guns are ideal for agricultural, industrial and construction industries and for private use. The SKF grease guns are delivered with a 175 mm (6.9 in.) long extension pipe with hydraulic gripping nozzle. A flexible 500 mm (19.7 in.) long pressure hose with hydraulic gripping nozzle is available as an accessory.

Grease guns

SYSTEM 24

- Prevent premature bearing failures
- Extend bearings service life
- Increase plant productivity and efficiency
- Help achieve maximum bearing service life
- Improve machine and operator safety

Portable induction heaters

HELP YOUR  
BEARING  
ACHIEVE ITS  
MAXIMUM  
SERVICE LIFE

# Maintenance products- New products

## New Ultrasonic Leak Detector SKF TKSU 10

For quick and easy detection of air leaks in compressed air or vacuum systems.

## New Portable Induction Heater SKF TWIM 15 A portable solution for bearing heating

- Innovative heating of bearings
- Portable, compact and lightweight
- No support yokes required
- Automatic temperature monitoring
- Detects bearing size and heats appropriately
- Two power levels and three power configurations
- User-friendly LED control panel
- Quiet operation

## New Stroboscopes SKF TKRS series - TKRS11, TKRS 21, TKRS 31, TKRS 41

Offering a wide range of high-performance hand-held stroboscopes for visual inspection of running machines in challenging industrial environments.

## New heavy-duty bearing grease SKF LNEP 2IN

This is high load extreme pressure bearing grease which provides excellent lubrication in general applications subjected to harsh conditions and vibrations.
