About DigiMax Global Inc.

DigiMax Global Inc. is a technology company committed to unlocking the potential of disruptive technologies by providing advanced financial, predictive, and cryptocurrency solutions across various verticals. DigiMax is an official IBM Watson partner and the Company's engineering team has extensive experience in Machine Learning, Neural Language Processing, Artificial Intelligence, Big Data and Cryptocurrency technology. The company's Projected Personality Interpreter (PPI) solution is currently used by various organizations including 17 law enforcement agencies that are gaining comparative insights for better hiring decisions, reducing employment attrition, and improving workplace culture.

The company's SAAS platform CryptoDivine allows cryptocurrency investors to simplify their decision making, reduce risk, exploit market volatility and improve investing performance. The company's proprietary AI engine analyzes millions of data points per hour to spot relevant patterns and generate accurate price trend predictions.
