About Eco Innovation Group

Eco Innovation Group was founded by Inventors and business professionals to help nurture and catalyze the most innovative and impactful products and services, and to deliver those innovations to the world, improving the quality of life in communities and the world around us, while delivering value to shareholders.

Eco Innovation Group is dedicated to developing and commercializing successful products. The company will never lose sight of the fact that they exist, first and foremost, to help people and improve life on the planet we all share. They take their Social Responsibility Contract seriously in all their endeavors. It is not only what they do. It is who they are.
