### SPO Global Announces First Distributor Order Outside Florida

WOBURN, Mass., (GLOBE NEWSWIRE)

SPO GLOBAL, INC announced that the Company has received its first significant order from a distributor outside of Florida.

The order of 500 kegs is an initial order from a distributor in the Southeastern United States. The immediate demand will be fulfilled using the Tampa operations and will be serviced in the future through the location identified for the Atlanta winery or a location currently being discussed that would be even closer to the distributor.

"We are honored to receive our first significant order outside of the State of Florida and look forward to servicing this distributor's needs in the future. Offering wine in a keg ensures fresh wine throughout, prevents spoilage, waste and eliminates the glass and trash footprint from traditional bottle usage. Our products and pricing give us a very advantageous position in the wine by the glass market. The kegged wine industry is both an economic and environmentally solid business opportunity" stated Max Bosciano, CEO.
