Each member is allowed a 6 point or better at any time—for example, bag a ten, then a 7, then a 6 pt or better. **Any deer harvested must have a gross weight of 65 pounds or greater. Deer harvested under 65 pounds will receive a club fine of \$250.00 or immediate dismissal.** If Doe tags are available, distribution will be by drawing issued and used only by members; any unused tags must be returned to the President for redistribution. Cow horned spikes (10" long) or irregular antlered deer will not be harvested without pre-approval by the President.

10. A junior or first-time hunter (15 years old or younger) that has never killed a deer, regardless of sex can harvest a state legal deer (spike 5" long, 3 point).

11. Violation of club rules on deer harvest will result in a \$250.00 fine and/or probation for the rest of that hunt year and/or immediate dismissal from the club.

12. There is no limit on hogs. (YOU CANNOT USE A GUN TO HARVEST A HOG PAST THE FIRST WEEKEND IN AUGUST) Hogs may only be harvested using whatever means approved for DEER during that period. For example, during bow/crossbow season, hogs may only be taken using a bow or crossbow; during muzzleloader, season hogs may only be taken using a muzzleloader, bow, or crossbow.

13. Night hog hunting: Members MUST be in (1) of their designated hunting locations. Night hog hunting season begins the day after deer season ends until the first weekend in August. All members MUST be OFF the lease at 1:00 AM and can go back out at 5:00 AM. For your safety during the evening hours only, all members MUST notify another member that they will be out on the lease harvesting hogs.

14. Hog Traps: Must be pen style traps only. Traps **MUST** be checked daily, and not set while member is gone. **Any member who violates this rule will be terminated from the lease.**

15. You can hunt on the road during turkey season, but you must mark both directions within 100 yards with an orange cone. You must also provide your cones and mark the board with an orange dot. If you are hunting by or near another member's spot, you must notify that member to avoid disturbance. Non-turkey hunters must check the board to avoid disturbance to turkey hunters. Quiet time for turkey hunters is until 11:00 am. Turkey's limits are in accordance with state laws. Violators will be reported to the proper authorities. **YOU CANNOT HUNT TURKEY WITH A RIFLE DURING TURKEY SEASON, SHOTGUN ONLY!**

16. New FWC Requirements for the 19-20 hunting season: Beginning with the 2019-2020 hunting season, a new rule goes into effect requiring all persons to comply with harvest reporting requirements including hunters under 16 years of age, resident hunters 65 years and older, those with a disability license, military personnel, and those hunting on their homestead in their county of residence. All deer are to be reported through the harvest reporting system by the hunter who harvested the deer. Before moving a deer from the point of harvest, hunters who harvest the deer are required to record in their harvest log information such as their name, date of harvest, sex of the deer, and county or wildlife management area where harvested. Additionally, this and possibly some additional information, must be reported to the FWC's harvest reporting system within 24 hours of harvest and prior to: 1) final processing of the deer, 2) any parts of the deer being transferred to any meat processor or taxidermist, and 3) the deer leaving the state. Harvest logs will be available before the start of the deer season, hunters can access harvest logs online. Hunters should keep the harvest log nearby when hunting deer. Additionally, CCHC requires all game to be recorded in the books that are at the skinning rack. This includes harvested deer, hog, turkey, and all lost game. ALL lost deer game will be counted against your yearly deer tag, weather recovered or not. CCHC strongly recommends that all hunters review the new rules on the FWC site located here: <https://myfwc.com/hunting/regulations/faqs/>.

Stand Rules

17. A Tack Board with your assigned membership number will be used to identify your protected hunting areas.

18. A white PVC stake with your name, updated year of hunt, 2022-2023, and your tack board assigned a membership number will be displayed, showing your protected hunt area. The stake must be 2 inches in diameter with **2-inch black** vinyl letters so that it is easy to read from the road. There should only be one stake per hunt area. There are no 2 of 2 stakes unless approved by the President. **Each member's protected hunting area is two hundred (200) yards in both directions from their stake, which means stakes will be a minimum of four hundred (400) yards apart. Each member is entitled to 200 yards on each side of their stake.** THIS STAKE MUST BE PLACED DIRECTLY PERPENDICULAR OUT FROM YOUR STAND, AND OUR ACCESS ROAD/TRAIL MUST BE WITHIN 50 YARDS OF YOUR STAKE. Roads and creeks are considered natural boundary lines, so it is possible one member could set up across the street from another member. All members hunting creeks must be 200 yards away from another person's stand for safety reasons. The Stake Committee will review any questions regarding stand

and or stake placement. If they cannot resolve the issue, then the President will make the final decision. The last 200 yards of a dead-end road can be claimed by a hunter but must be approved by the President first.

19. Destroying another's stake to gain access to the desired spot will result in the member being dismissed from the club. All questions regarding stand location must be resolved by November 1st. No moves will be permitted after August 1st or before March 1st of the following year. All actions made during this period must have prior approval by the President. All departing member's established areas will be put into the lottery. If you take a designated spot from someone you know is leaving without following the required procedure, you will have to give up that spot for the lottery. New incoming members are permitted to participate in the lottery with some limitations.
