# TEVIN FACEY & NATALIE ORTEGA

CREATIVE FINANCER • ENTREPRENEUR  
AND STRATEGIC ADVISOR TO CEOs

## B I O G R A P H Y

Due to the overwhelming demands of our jobs, we have been striving to make ends meet while keeping a rigorous work schedule. On July 12th, 2021, Tevin and Natalie were able to use her business credit cards to make the down payment on our first four-family home - a truly exciting moment for us! On July 31, 2021, our life suddenly changed when Tevin was involved in a car accident and his truck was totaled. We knew that we needed the freedom of financial security. Tevin took medical leave from August to November, while still managing to accumulate enough money between the both of us by December 1st. Utilizing the information from courses we were knowledgeable in via our own research, and got tutelage from mentors. With this we began investing in Trucking, Amazon, Real Estate, and Airbnb. At this point, Tevin quit his job.

Working together, we created Millionaire Essentials Academy with Brandon Jackson - a program offering comprehensive education on acquiring funding from various sources. Tevin & Natalie - both coaches and entrepreneurs possessing extensive experience when it comes to financing businesses through leveraging business and credit for working capital. Thus, they have dedicated themselves to passing this knowledge on to others as part of their mission.

As co-founders of financing firms, they have developed wealth plans for a multitude of clients to create passive and semi-passive income streams. They have funded more than \$3 million+ to kick-start, broaden and grow businesses.

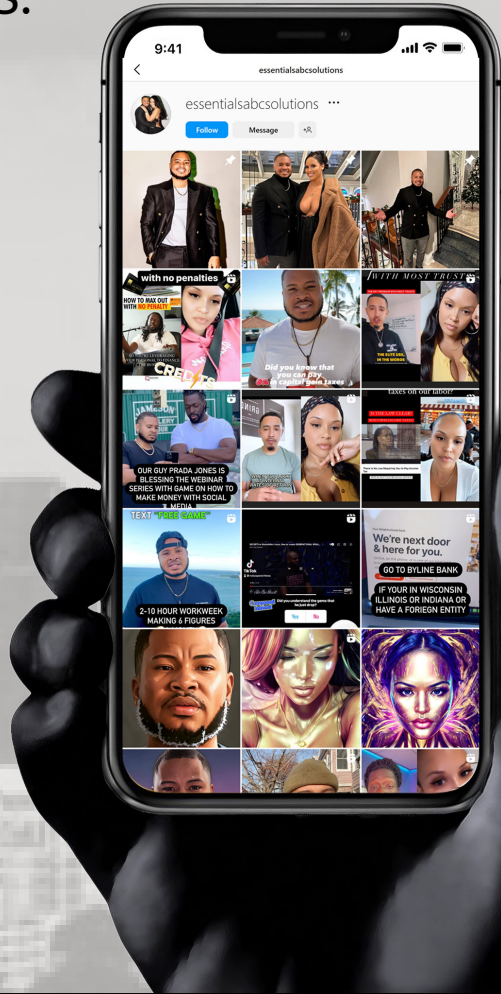

Having been exposed to the struggles of living in an urban area, where making ends meet is a daily battle and illegal activities are a commonplace, they strive to improve educational opportunities for those who come from similar communities. By doing so, they hope to better the lives of people like us
