Mr. Sachin Jain

World Gold Council Appoints New India CEO

The World Gold Council has appointed Sachin Jain as its new CEO, India, who will take up the role from March 2024. Sachin joins from De Beers where he has held several senior roles for the past 13 years. As Managing Director of De Beers India, he has led the De Beers Forevermark business in India and the Middle East.

Sachin brings with him deep understanding of the Indian consumer and jewellery market, from strategic thinking to practical execution. He has over two decades of rich experience and understanding of the Indian consumer. Previously, Sachin has held senior positions for De Beers, Lladro, Swatch Group and Benetton.

David Tait, Global CEO, World Gold Council said: “I am delighted that Sachin is joining us at an important time for the Indian gold market. Sachin’s experience in the retail market, and jewellery industry is crucial to our efforts to enhance consumer’s trust in gold and in the Indian gold industry. In addition, his marketing expertise will help deepen our engagement not only with the gold industry but also with financial institutions and raise awareness of gold’s role in every investment portfolio. Sachin brings energy, enthusiasm, and a deep understanding of consumer behaviour, and I look forward to working with him to help more consumers realise the potential of gold in all its forms.”

Sachin Jain said: “It is a privilege to be entrusted with leading World Gold Council’s activities in India, given its pivotal role in shaping the gold industry. I am deeply impressed by the organisation's commitment to sustainability, responsible practices, and positive contributions to the global gold sector. My vision for gold industry in India is rooted in a dedication to fostering sustainable practices and driving positive change. I am looking forward to strengthening World Gold Council’s engagement with various stakeholders, promoting responsible practices, harnessing gold’s growing appeal as an investment asset, and enhancing its role in economic growth of India.”

Current India CEO Somasundaram PR will retain his current role and responsibilities until Sachin joins and ensure a smooth transition. He will continue to be associated with World Gold Council as an advisor on the setting up an SRO (self-regulatory organisation), an important initiative for the Indian gold industry.

GIA Creates High School Scholarship Program

Gemological Institute of America's (GIA's) Spring scholarship application cycle is open from March 1st to 31st 2024. GIA is allocating up to \$2 million in scholarships to support student tuition in 2024. Among the new initiatives introduced in this scholarship cycle is the GIA Aspire Scholarship.

“Receiving a scholarship let me take more risks after graduating. Since I didn't have a mountain of student debt, I was free to explore all sorts of interesting opportunities” said Chris James T. Boehner, GIA Graduate Gemologist (GG) and 2020 scholarship recipient. “It also helped me fast-track my education, because I no longer needed to save for tuition. I started my GG program two months after receiving my scholarship!”

The GIA Aspire Scholarship program is specifically designed for graduating high school seniors or recent alumni from four San Diego County high schools: Steele Canyon High School, Rancho Buena Vista High School, Alta Vista High School, and Health Sciences High and Middle College.

“We believe that investing in the education of aspiring professionals is key to the continued growth and success of the gem and jewellery industry,” Robyn Burrell, GIA Director of Financial Aid. “By providing opportunities for students to pursue their passion, we aim to create a diverse and skilled workforce that will shape the future of our industry.”

Up to \$100,000 in scholarships will be allocated for the GIA Aspire Scholarship. Recipients may receive partial or full scholarships for any On-Campus program starting between July and December 2024 at the GIA Carlsbad campus, ranging from 7 to 26 instructional weeks.

GIA's scholarship offerings extend beyond the GIA Aspire Scholarship, including needs-based scholarships and Veteran's scholarships. Need-based scholarships are accessible year-round for prospective U.S. students and require a completed Free Application for Federal Student Aid (FAFSA).

GJEPC Drives Gems & Jewellery Partnership between India & Bangladesh

India and Bangladesh are set to explore new avenues of partnership in the gems and jewellery sector, as they held a meeting on 28th February to discuss the potential and challenges of cooperation. The meeting was attended by H.E. Mr. Md. Mustafizur, the Bangladesh High Commissioner, and Mr. Sabyasachi Ray, Executive Director of GJEPC, along with other representatives from both countries.

Mr. Ray provided a detailed overview of the Indian gems and jewellery industry, emphasising the substantial contribution it makes to the country's GDP and total merchandise exports. The discussion also highlighted the expertise of skilled artisans and the industry's intrinsic craftsmanship. He further outlined various global promotional initiatives, including events such as IIJS, BSM, Overseas Exhibitions, and Design Seminars undertaken by the GJEPC.

The High Commissioner acknowledged the sector's significance and commended GJEPC's efforts in global promotion and strengthening. He expressed full support for collaboration between the two countries in the gems and jewellery sector, aiming for enhanced market and business opportunities. This signifies a positive step toward fostering bilateral cooperation in this domain.

GJEPC Celebrates Historic Achievement of Reaching 10,000 Members

The GJEPC, India's apex body for the gem and jewellery industry, has reached a historic milestone by becoming an Export Promotion Council with 10,000 members.

This achievement reflects the active support of the GJEPC Membership / MSME team and all supporting departments, as well as the cooperation and trust of all the members of the Committee of Administration. The GJEPC, which is supported by the Ministry of Commerce and Industry, has Regional Offices in New Delhi, Kolkata, Chennai, Surat and Jaipur, all of which are major centres for the industry.

Vipul Shah, Chairman, GJEPC, said, "We are delighted to announce that GJEPC has reached a historic milestone of 10,000 members, making it one of the largest and most influential EPCs in India. This achievement reflects the resilience, innovation, and excellence of the Indian gem and jewellery industry, which has overcome many challenges and emerged stronger in the global market. Furthermore, it underscores the growing participation of domestic players in the export sector, signalling positive outcomes for both exports and the nation's economy. We thank all our members for their trust and support, and we look forward to serving them with more initiatives and benefits in the future."

IJS Signature 2024 Expands To Dual Venues For The First Time

GJEPC has successfully enlisted the IJS Signature 2024 Exhibition under the "Procurement and Marketing Support" scheme of the Ministry of MSME.

The scheme provides financial assistance to micro and small enterprises for participating in domestic and international trade fairs and exhibitions. As a result, the eligible exhibitors can now avail themselves of a grant of Rs.1.50 lakh each, which will help them cover costs and enhance their visibility and competitiveness in the global market.

IJS Signature, now in its 16th edition, breaks new ground by hosting its event across dual venues for the first time. The event will take place at the Jio World Convention Centre from January 4th to 7th, 2024, and concurrently at the Bombay Exhibition Centre in Mumbai from January 5th to 8th, 2024. This expansion aims to offer exhibitors and visitors more space, fostering a relaxed environment conducive to productive business interactions.

Simultaneously, the India Gem and Jewellery Machinery Expo (IGJME 2024) will be held at BEC, featuring over 100 companies and 150+ stalls. This edition promises an enhanced experience, presenting a wider array of compelling business opportunities.

Additionally, GJEPC introduces a dedicated section for luxury connoisseurs and couture jewellery buyers called "The Select CLUB" at IJS Signature 2024 in the Jio World Convention Centre. This exclusive section allows Couture jewellery manufacturers to showcase their extensive collection of high-end, exclusive jewellery designs to a curated audience.

With over 1500+ exhibitors occupying 3000+ stalls across a sprawling 1.25 lac sqm of exhibition area, IJS Signature 2024 will be hosting more than 32000 trade visitors, including representatives from 800+ cities in India and over 60 countries worldwide.

Vipul Shah, Chairman of GJEPC, said, "IJS Signature is strategically positioned in the beginning of the year. Following a phenomenal festive season that witnessed double-digit sales growth for retailers, this platform gives buyers to stock up inventory for the wedding and festivities placed in the first half of the year."

Vipul Shah, expressing his enthusiasm, stated, "The integration of the IJS Signature 2024 Exhibition into the Ministry of MSME's 'Procurement and Marketing Support' initiative marks a significant boost for our industry's micro and small enterprises. This financial aid, offering Rs.1.50 lakh to eligible exhibitors, will play a pivotal role in facilitating their financial aspects and elevating their visibility and competitiveness on the global platform."

Nirav Bhansali, Convener, National Exhibitions, GJEPC said, "We are thrilled to unveil 'The Select CLUB' for Couture Jewellery manufacturers at IJS Signature 2024, hosted in the prestigious Jio World Convention Centre. We aim to bring forth a unique blend of traditional craftsmanship and contemporary designs that will resonate with the discerning taste of our patrons at the luxurious JWCC venue. 'The Select CLUB' at IJS Signature 2024 is poised to empower Couture jewellery manufacturers, providing a platform to showcase their diverse array of exclusive high-end jewellery designs to our discerning audience."

"Moreover, building on the success of the One Earth initiative launched during IJS Signature 2023, which has achieved the milestone of planting 1.0 lakh trees, we extend our gratitude to exhibitors, visitors, vendors, and contributors who generously supported this cause. This accomplishment fuels our dedication to fostering an environmentally friendly and sustainable event, driving us to continue this mission."

This IJS Signature edition brings not just a showcase of the latest trends and innovations but also a forum for knowledge exchange. Innov8 Talks, seminars designed to inspire and educate, and the networking evenings foster connections that go beyond business transactions.” IJS Signature 2024 stands apart from typical events—it serves as a cornerstone for meeting the diverse sourcing needs of global gems and jewellery buyers.

Its allure lies in its personalized outreach efforts, extending beyond borders through door-to-door engagements in both domestic and international markets, inviting retailers for an immersive experience at this esteemed gathering.

Salient Features that Define IJS Signature 2024:

- Dual venues - Jio World Convention Centre and Bombay Exhibition Centre
- 5 Exhibition Halls offering a comprehensive display of the finest in the industry

World Gold Council Releases New Report On India's Gold Market

The World Gold Council (WGC) has published a new report titled 'India Gold Market - Reform and growth'. The report explores the key factors that shape India's gold demand and supply, as well as the challenges and opportunities for the future. The report updates the previous WGC report from 2017, 'India's Gold Market – evolution and innovation', which highlighted the potential of India's gold market, the second largest in the world after China.

The new report covers various aspects of India's gold market, such as: The drivers of Indian gold demand, jewellery demand and trade, jewellery market structure, gold investment market and financialisation, bullion trade, gold refining and recycling, and gold mining in India.

In the report foreword, Juan Carlos Artigas, Global Head of Research, World Gold Council, said: "In 2017 we produced 'India's Gold Market – evolution and innovation'. A lot has changed since that report was published. This compendium of updated reports delves deeper into key factors that underpin India's position as the second largest gold consumer in the world: it studies the drivers of gold demand and the perception of consumers; it examines the new investment landscape; and it considers the complex issue of gold supply.

"Few of the global events that have rocked societal and geopolitical stability could have been imagined when our 2017 report was published. That India has had to adapt is not surprising, but the rate at which change is happening in the country is, arguably, unprecedented.

"The IMF forecasts that per capita GDP growth will increase 23% between 2022 and 2026. On the face of it, rising living standards benefit gold, but there are other factors in play: the country's savings rate is declining, and the government's 'bank the unbanked' initiative is creating a sea change in investment choice and availability. Gold must respond if it is to successfully steer a course through these headwinds.

"Despite – or perhaps because of – macroeconomic uncertainties, India's population resolutely turns to gold. Weddings and festivals are key drivers of gold demand and the country is one of the world's largest bar and coin markets. There is no doubt that gold retains prominence in the social and financial life of many Indians, both urban and rural.

"The years ahead will present challenges. But rather than thinking them onerous, we believe there is tremendous opportunity for gold. Regulation of India's jewellery industry has already made huge strides in building consumer trusts. If new export markets can be developed, the current fragile platform – 90% of jewellery exports go to just five countries – will be diluted. More accessible banking offers a possibility to reach investors who have long understood gold's safe-haven qualities but now find themselves negotiating a plethora of choice. And in the longer term, the Gold Monetisation Scheme, proposed legislative changes in the mining industry, and resolution of recycling traceability issues may reduce India's reliance on imported gold.

"As we look ahead with optimism, the insights in this report will help us ensure that gold retains or even increases its relevance to India's economy – generating further employment and continuing to play its roles as an adornment and an effective portfolio diversifier and hedge against inflation."

A Complete Jewellery Magazine

Dubai being a distribution center, serves as a hub for jewellery trade across GCC, CIS, Far East, and some parts of Europe, which adds to its strategic importance and influence in the global jewellery ecosystem. The gem and jewellery trade between India and UAE has grown, particularly following the India-UAE CEPA agreement. UAE imports a total of \$10.48 billion worth of jewellery from around the world, and a significant portion, approximately 30% is sourced from India, amounting to approximately \$3.12 billion.

GJEPC & Delhi Customs Discuss Solutions For Jewellery Export Challenges

A round table meeting was held between the Delhi Customs and the Gem & Jewellery Export Promotion Council (GJEPC) at the Council's office in Jhandewalan, New Delhi on 11th December. The meeting aimed to address the issues faced by the jewellery exporters and find mutually beneficial solutions.

The meeting was attended by Shri Samanjasa Das, Chief Commissioner of Delhi Customs, Ms. Simmi Jain, Principal Commissioner of Customs (ACC Import), Mr. Zubair Riaz, Commissioner Customs (Airport) and Ms. Vineeta Sinha, Additional Commissioner (Exports), along with Shri Ashok Seth, Regional Chairman (North) of GJEPC, Shri Anil Sankhwal, Committee of Administration (CoA) Member of GJEPC, Dr. Rajendra Bhola, Chairman of IIGJ Delhi and other members of the trade and the Council Secretariat.

The participants discussed various issues related to the jewellery export process, such as the Export Data Processing and Monitoring System (EDPMS), the Standard Operating Procedure (SOP) for the Hand Carriage exports, and the possibility of shifting the jewellery examination to IGI Airport T3. The Customs officials assured the exporters of their cooperation and support in resolving the issues and agreed to form a committee to review the SOP. They also expressed their willingness to consider the representations submitted by GJEPC on the EDPMS issue and the simplification of the jewellery examination process.

After the meeting, the Customs officials were invited to visit the IIGJ Delhi and IIGJRLC (Indian Institute of Gems and Jewellery Research Laboratory Centre), where they appreciated the efforts of the institutes in imparting quality education and training to the gems and jewellery sector.

Shri Anil Sankhwal concluded the meeting by thanking the Customs officials for their prompt and positive response to the issues discussed. He also appreciated their initiative to form a Committee to review the SOP and resolve the outstanding matters.

Gemfields' Record-Breaking Ruby Auction Fetches \$69.5 Million

Gemfields, a British coloured gemstone miner, said its latest ruby auction achieved a total revenue of \$69.5 million.

The auction, which took place online from 20 November to 5 December 2023, featured mixed-quality rough rubies from the Montepuez mine in Mozambique, which is operated by Gemfields in partnership with Mwiriti Limitada. The auction was a resounding success, as all 97 lots offered for sale were sold, with an average price of USD 290.02 per carat. This is the highest average price per carat ever achieved by Gemfields for its rubies, and reflects the strong demand and appreciation for the quality and provenance of the gemstones.

The auction also marked a significant milestone for Gemfields, as it pushed its cumulative emerald and ruby auction sales past the \$2 billion mark, with nearly \$400 million paid in mineral royalties and corporation taxes to the governments of Mozambique and Zambia, where the company operates its mines. Adrian Banks, Gemfields' Managing Director of Product & Sales, said: "We've seen ruby prices at our auctions go from strength to strength in recent years and our final auction of 2023 has further endorsed that trend. This auction has shown that the demand and pricing for rough rubies is decidedly healthy. Gemfields' total auction revenue for 2023 stands at USD 242 million, the second highest in our history."

Gold Jewellery Mandatory Hallmarking Expanded To 343 Districts

In its year-end review for the period April 2023 to November 2023, the Department of Consumer Affairs (DoCA) under the Ministry of Consumer Affairs, Food & Public Distribution has announced that it has extended the mandatory hallmarking of gold jewellery and artefacts to 343 districts across the country, where at least one Assaying and Hallmarking Centre (AHC) is present. The move is aimed at ensuring the quality and purity of gold jewellery and protecting the interests of consumers.

According to the DoCA, the number of hallmarking registrations has increased 15% from 1,60,866 to 1,84,296, while the number of BIS-recognised AHCs has increased 7% from 1403 to 1499 since April 2023. During the same period, 10.39 crore articles of gold and silver jewellery and artefacts have been hallmarked.

The DoCA also said that a new online system for the automation of the assaying and hallmarking activities at AHCs was made functional since July 2021, with a new hallmark consisting of a six-digit Hallmarking Unique ID (HUID). Since the launch of the HUID-based system, 30.54 crore articles of gold jewellery and artefacts have been hallmarked as on 25th November 2023.

The Government has also permitted hallmarking of gold bullion in the fineness of 999 and 995 as per IS 1417:2016 since October 2015. So far, 50 licences have been granted to refineries and India Government Mint for gold bullion and coin.

The Government has also launched the Gold Monetisation Scheme in November 2015, under which 48 AHCs and one jeweller have been qualified to act as Collection and Purity Testing Centres (CPTC).

The DoCA said that it has also provided central assistance to three AHCs for setting up the centre in deficient locations, and conducted one training programme for BIS officers under the Plan Scheme for Hallmarking.

GIA India Hosts Seminar For Finestar Jewellery & Diamonds Staff In Surat

GIA India held a seminar on the topic, "Fancy-shape Diamonds," for the staff of Finestar Jewellery & Diamonds Pvt. Ltd. in Surat. More than 30 staff members attended the seminar.

Participants learned about grading fancy-shape diamonds, facet arrangement and fancy-shape symmetry grading. They also learned about topics related to generic shapes and novelty shapes of diamonds as well as their cutting styles. All participants were awarded a Letter of Attendance (LOA) by Apoorva Deshingkar, Senior Director - Education and Market Development, GIA India.

"We thank GIA India for conducting the seminar to educate our staff. It was helpful for our staff to learn many new aspects of fancy-shaped diamond grading through these seminars. We are thankful to Apoorva-ji for visiting our factory to congratulate the participants and for sharing his experiences with the staff," said Nanjibhai Vaghasiya, President, Finestar Jewellery & Diamonds.

"The seminar was very well-structured and informative, and we believe it will be a great value addition to our employees. Thank you, GIA India for this valuable session," said Vishek Jain, Manager, Finestar Jewellery & Diamonds.

"I believe that knowledge is the brightest facet of our industry. At GIA, we are dedicated to advancing our mission of upholding public trust in gems and jewellery. I'm thankful to Finestar Jewellery & Diamonds for giving GIA India the opportunity to share our knowledge with their staff," said Apoorva Deshingkar.

GRAND INAUGURATION
68Th Bangkok Gems & Jewelry Fair
6-7-8-9-10 Sep 2023
QSNCC (Queen Sirikit National Convention Centre)

Mr. Phusit Ratanakul Sereroengrit, Director-General of the Department of International Trade Promotion (DITP), Ministry of Commerce, presided over the opening of the 68th Bangkok Gems and Jewelry Fair. The fair, which marks its 40th anniversary and jointly held by DITP and the Gem and Jewelry Institute of Thailand (GIT), will take place between 6-10 September 2023 at QSNCC.

President of the Thai Silver Exporter Association, Mr. Sidthisak Limvatanayingyong, led a team of members and executives to visit the exhibition "The Magnificent 40-Year Journey of Brilliance" at the 68th BANGKOK GEMS & JEWELRY FAIR.

DITP and GIT, announced that the 68th Bangkok Gems event attracted 14,959 visitors over three days, marking a 27% increase. Among these visitors, 40% were from Thailand, and 60% were international attendees. From 108 participating countries, the leading five nations in attendance were India, China, Myanmar, Sri Lanka and Pakistan.

As this year's event moved to the new Queen Sirikit National Convention Center in central Bangkok. The upscale venue not only boosted the fair's prestige but also attracted a new demographic. Many attribute this change to the venue's strategic location and modern amenities.
