

## Can't Breathe in the Fall?

Dear Friend,

Fall. Dreaded time of year, decay and mold.

Stuffed up? Humidity and moldy leaves, floating in the air-  
Couldn't breathe by the time I got home.

I found a product that helped.

Jupita Air Purifier, with powerhouse Carbon and HEPA filters.  
It's Quiet. 99.97% of dust and allergens gone.

Talks to your phone. Jupita is WiFi -Bluetooth enabled.

Set it. Air is clear when you get home.

To find out about Jupita.  
Sleep tonight.
