To Whom it May Concern:

I'm Venus Carpenter and I would like to say how happy I am to be a AFLAC client.

I spoke with Seraphim Wood who patiently walked me through every question I had concerning the program. My nature is to be preconscious as we all tend to be in this strange world of ours. I felt confident that I was making the best choices for myself and my future.

Many thanks to you Seraphim, you are a heaven sent.
